2005 ASSEMBLY RESOLUTION 40

October 3, 2005 – Introduced by Representative TRAVIS. Referred to Committee on Rules.

To create assembly rule 76 (4m); **relating to:** requirements for roll call votes using a voting machine.

Analysis by the Legislative Reference Bureau

This resolution requires that all roll call votes using a voting machine remain open for three minutes or until all members other than those absent with leave have voted, whichever occurs first, and that the time left before the roll is closed be announced periodically.

Resolved by the assembly, That:

SECTION 1. Assembly rule 76 (4m) is created to read:

Assembly Rule 76 (4m) On all roll call votes using a voting machine:

(a) The roll call shall remain open for 3 minutes or until all members other than those absent with leave have voted, whichever occurs first.

(b) The chief clerk or presiding officer shall announce periodically the time left before the roll is closed.

(END)
