Mike:

The FE Manual provides at page 3, par. 6, that: "If someone discovers after introduction that the LRB failed to detect the bill's possible fiscal implications, a request for a fiscal estimate may be submitted to DOA if both the bill's primary author and the LRB chief agree. In this case, legislative action on the bill does not stop for the fiscal estimate to be prepared."

In this case I detected the state fiscal implications, but not the local implications, so, if the primary authors agree, we can submit to DOA a request for a local fiscal estimate as well.

Mike,
WTCS is indicating that the bills below will have a local fiscal effect on the individual tech colleges. However, the bill summary does not indicate such. Should I permit to submit a local effect anyway?

Kathy -

I apologize for involving you in FES-related requests again, but the link to Linda Nelson included in the FES general information is not working. I don't know if there is an error in the address below, but the message was returned to me as "undeliverable."

If you could please forward this request to Linda, I would appreciate it.

Thank you -
Morna

The WTCS has fiscal estimates due for AB 781 and AB 804. If enacted, both of these proposals will have local fiscal effects (on the technical colleges) as well as a state fiscal effect. Currently, the FES does not allow us to enter the local fiscal effect into either estimate. Please reissue the FES request for WTCS estimates for these two bills with the local effects included.

Caitlin,

After further review the drafting attorney, Gordon Malaise feels that both of these bills should have also have been tagged for a LOCAL fiscal estimate. We contacted both offices (Waylon in Rep. Peterson's & Daniel in Rep. Hilgenberg's office) and they both have consented to have WTCS and any other LOCAL agencies you feel are relevant prepare fiscal estimates for these bills.

Thanks,
