The general intent of this draft is to require school districts to reduce their base revenues for the 2011-12 school year by 7.1% and an additional 0.5% in 2012-13.

Therefore, the draft should:

- Remove current law provisions related to the $275 increase for 2011-12 and the increase under 73.0305 for 2012-13.

- Apply a reduction to base revenues of 7.1% in 2011-12 and 0.5% in 2012-13. The base revenues calculation would be the same (similar to current law 121.91(2m)(h)(1)). There would be no per pupil element to this reduction.

- Amend sections related to new districts/reorgs/consolidations accordingly. (r)

- Repeal the base revenue guarantee that exists under section 121.91(4)(d). (s) (t)

For now do not specify what happens to limits after 2012-13 school year

FOR 2011-13 BUDGET -- NOT READY FOR INTRODUCTION

1 AN ACT ...; **relating to:** the budget.

Analysis by the Legislative Reference Bureau

EDUCATION

PRIMARY AND SECONDARY EDUCATION

Current law limits the increase in the total amount of revenue per pupil that a school district may receive from general school aids and property taxes in the 2011-12 school year to $275 and in the 2012-13 school year to the percentage change in the consumer price index. This bill reduces the revenue limit for all school districts, including new school districts, school districts from which territory is detached, and consolidated school districts, by 7.1 percent in the 2011-12 school year and by 0.5 percent in the 2012-13 school year.

For further information see the ***state and local*** fiscal estimate, which will be printed as an appendix to this bill.

not

For the 2012-13 school year, a school district may not increase the revenues it receives per pupil from general school dais and property taxes above the amount it received in the 2011-12 school year. *

e aids

Current law exempts a school district from the revenue limit if its per pupil revenue is less than a statutory revenue ceiling, currently set at $9,800. This bill decreases the per pupil revenue ceiling to $8,800 for the 2011-12 school year and for any subsequent school year.

Current law also provides that, if a school district's revenue limit, as calculated before any adjustments, is less than the district's base revenue from the previous school year, the district's initial revenue limit would be set at the prior year's base revenue. This bill eliminates this base revenue stabilization provision.

I'm a little disappointed that when I asked for the redraft to reduce the % from 7.59% to 7.12% you did not anticipate the direction we were going and redraft the % as 6.48% ☺

Anyway the new % is now 6.48%. The revenue ceiling remains at $8,800. Thanks much.
