Decision Item (DIN) - 6221

Decision Item (DIN) Title - State Crime Lab Locations

NARRATIVE

DOJ requests that the language in s. 165.75 (2) be amended so that the locations of the three labs is not limited to the cities of Madison, Milwaukee, and Wausau.

Department of Justice
2013-2015 Biennial Budget
Crime Lab Locations
DIN 6221
September 17, 2012

Background

165.75 (2) The laboratories shall be located in the cities of Madison, Milwaukee and Wausau. The personnel of the laboratories shall consist of such employees as are authorized under s. 20.922. The laboratory in the city of Milwaukee is named the William J. McCauley crime laboratory.

Issues

DOJ is considering relocating the Milwaukee Crime Laboratory due to capacity constraints and numerous structural and safety concerns associated with that facility. Under current law, any relocation is limited to within the Milwaukee city limits and any nearby locations outside the city boundary that offer modern, more functional, secure, and cost effective facilities cannot be considered. At some point in the future, it may become advisable to also relocate the Madison and/or Wausau labs. Likewise, under current law, those relocations would be limited only to facilities within the Madison and/or Wausau city limits. These arbitrary limitations discriminate against many citizens of Wisconsin and do not allow the crime laboratories to operate in the most cost-effective and operationally prudent manner.

Request

Amend the language in s. 165.75 (2) so that the location of the three labs is not limited to the cities of Madison, Milwaukee, and Wausau. Delete the first and third sentences of s. 165.75(2).

FOR 2013-2015 BUDGET — NOT READY FOR INTRODUCTION

10-3-12

Don't Gen

1 AN ACT ...; **relating to:** the budget.

Analysis by the Legislative Reference Bureau

CRIMES

Currently, the department of justice (DOJ) maintains three crime laboratories whose employees perform duties including deoxyribonucleic acid testing, firearms identification, the comparison and identification of toolmarks, chemistry, identification of questioned documents, metallurgy, comparative microscopy, instrumental detection of deception, the identification of fingerprints, toxicology, serology, and forensic photography. Current law requires that the laboratories are located in the cities of Madison, Milwaukee, and Wausau.

This bill removes the requirement that DOJ locate a crime laboratory in the cities of Madison, Milwaukee, and Wausau.

FE-SPL

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

2 **SECTION 1.** 165.75 (2) of the statutes is amended to read:
