***Analysis by the Legislative Reference Bureau***

This bill expands certain parking privileges for vehicles with disabled parking plates or special identification cards to include University of Wisconsin System campuses.

Under current law, a person with a disability that limits or impairs the ability to walk may apply for and obtain from the Department of Transportation special motor vehicle registration plates or a special identification card entitling a motor vehicle used by the person to certain parking privileges. Except as provided by ordinance in first or second class cities, vehicles bearing these plates or cards are not subject to time limitations on parking on any municipally owned or leased street or in any municipally owned or leased parking lot with at least a 30-minute time limitation and no meter payment is required to be made.

For further information see the state fiscal estimate, which will be printed as an appendix to this bill.
