2 change scholarships and making an appropriation.

Analysis by the Legislative Reference Bureau

This bill creates a climate change scholarship program to be administered by the Higher Educational Aids Board. The program provides scholarships to students who are enrolled in an institution of higher education and who are engaged in studies directly related to programs preparing the students for careers in occupational areas addressing or responding to climate change. A student may not receive more than \$5,000 in scholarships under this program in each academic year.

For further information see the state and local fiscal estimate, which will be printed as an appendix to this bill.
