# 1995 SENATE BILL 224

June 1, 1995 - Introduced by Senators LEEAN, ELLIS and RUDE, by request of Governor Tommy G. Thompson. Referred to Committee on Health, Human Services and Aging.

AN ACT ***to repeal*** 48.38 (5m) of the statutes; **relating to:** permanency plan review panel annual reports.

---

***Analysis by the Legislative Reference Bureau***

Under current law, a permanency plan must be prepared for each child living in an out-of-home placement. A permanency plan must include, among other things, a description of the services offered to make it possible for the child to return home and the conditions, including any changes necessary in the parent's conduct, that must be met for the child to be returned home. Current law requires the court assigned to exercise jurisdiction under the children's code (juvenile court) or a panel appointed by the juvenile court to review a child's permanency plan every 6 months. Current law requires each county department of human services or social services to report annually to the department of health and social services (DHSS) information on the membership of permanency plan review panels, the determinations of those panels and any other information that DHSS may require by rule. This bill eliminates the annual reporting requirement.

For further information see the ***state and local*** fiscal estimate, which will be printed as an appendix to this bill.
