13.02 Regular sessions. The legislature shall meet annually.

(1) The legislature shall convene in the capitol on the first Monday of January in each odd–numbered year, at 2 p.m., to take

the oath of office, select officers, and do all other things necessary to organize itself for the conduct of its business, but if the first Monday of January falls on January 1 or 2, the actions here required shall be taken on January 3.

(2) The regular session of the legislature shall commence at 2 p.m. on the first Tuesday after the 8th day of January in each year unless otherwise provided under sub. (3).

meeting in January of each year, to be submitted to the legislature as a joint resolution.

How the legislature meets, when it meets, and what descriptive titles the legislature assigns to those meetings or their operating procedures constitute parts of the legislative process with which the judicial branch has no jurisdiction or right to interfere. *League of Women Voters v. Evers*, 2019 WI 75, 387 Wis. 2d 511, 929 N.W.2d 209, 19–0559.

The speaker of the assembly, president of the senate, governor, secretary of state, attorney general, any court of record or the clerk thereof, any court of appeals judge or any justice of the supreme court may administer the oath of office to the members and officers of the legislature. The oath shall be filed with the secretary of state.

History: 1977 c. 187.

13.035 Designation of members. Members of the assembly shall be known as “representatives to the assembly”.

13.04 Legislators' eligibility to other civil office. (1) No member of the legislature shall, during the term for which the legislator was elected, be appointed or elected to any civil office in this state, which shall have been created, or the emoluments of which shall have been increased, during the term for which the legislator was elected.

(2) Any former member of the legislature may, after expiration of the term for which the former member was elected to the legislature, be appointed or elected to any judicial office or state civil office or position and shall, if so appointed or elected, be entitled to the full compensation, expense reimbursement or other emoluments established by law for such office or position.

(3) Any incumbent member of the legislature may, during the term for which the member was elected to the legislature, seek election to any judicial office or state elective office for a term commencing upon the expiration of the member's current legislative term and shall, if so elected, upon the commencement of the new term be entitled to the full compensation, expense reimbursement or other emoluments for such office or position established by law as of the date on which the term begins.

(4) Any incumbent member of the legislature who, during the term for which the member was elected to the legislature, by appointment or election assumes any judicial office or state civil office or position for which the compensation or other emoluments were increased during the member's current legislative term by legislative action, or by any other official action requiring the assent of or subject to veto by the legislature, shall be entitled to the compensation or other emoluments for such office or position only at the rate in effect prior to such increase.

(5) Nothing in this subsection shall prevent the concurrent appointment of an incumbent legislator to an unsalaried part-time state position created during the legislator's current legislative term when the emoluments for such position are limited to reimbursement for actual and necessary expenses incurred in the performance of the duties of the position and when the duties of such position are not incompatible with the legislator's duties as a member of the legislature.

ence in favor of or against any measure or proposition pending or proposed to be introduced in the legislature in consideration or upon condition that any other person elected to the same legislature will give or will promise or agree to give his or her vote or influence in favor of or against any other measure or proposition pending or proposed to be introduced in such legislature, or who gives, offers or promises to give his or her vote or influence for or against any measure on condition that any other member will give his or her vote or influence in favor of any change in any other bill pending or proposed to be introduced in the legislature, is guilty of a Class I felony.

13.07 Freedom of debate confirmed. Nothing in ss. 13.05 and 13.06 shall be construed as prohibiting free discussion and deliberation upon any question pending before the legislature by members thereof, privately or publicly, nor as prohibiting agreements by members to support any single measure pending, on condition that certain changes be made in such measure, nor as prohibiting agreements to compromise conflicting provisions of different measures.

13.08 Mileage allowance. (1) The chief clerk of each house, immediately after the commencement of each regular or special session of the legislature, shall certify to the department of administration the names of all qualified members and the number of miles for which each member is entitled to be reimbursed. All such certificates shall be approved by the presiding officer.

(2) All members of the legislature shall be entitled to an allowance for transportation expenses incurred in going to and returning from the state capitol once every week during any legislative session, at the same rate per mile for each mile traveled in going to and returning from the state capitol on the most usual route as is provided for transportation for state officers and employees under s. 20.916. Such allowances shall be paid monthly upon presentation to the department of administration of a verified written statement containing such information as the department requires.

(2) Subsection (1) shall not apply if the legislature passes a joint resolution requiring a statewide advisory referendum on the question of whether the legislature should authorize the tax increase provided in the bill and a majority of voters voting at the referendum vote to approve the tax increase.

History: 2011 a. 9.

13.09 Joint committee on finance. (1) There is created a joint standing committee, to be known as the joint committee on

finance, consisting of 8 senators and 8 representatives to the assembly appointed as are the members of standing committees in their respective houses.

(3) The committee may inquire into the operations or activities of any agency, department, board, institution or commission of the state, to determine better methods, systems or procedures for improving state government operations.

(5) Within one week after the general election in November of those years in which gubernatorial election is held, if the incumbent governor is not reelected, the committee shall convene and approve a budget for the newly elected governor to enable the incoming governor to review and analyze the budget, to hire staff and obtain space, and to do such other tasks as the committee approves. Funds approved by the committee shall be released to the office of the governor from the appropriation under s. 20.525 (1) (a) and any staff employed or expenses incurred by the incoming governor shall be charged to that appropriation. History: 1971 c. 125; 1975 c. 224; 1977 c. 325; 1981 c. 20 ss. 2e, 2m, 3s, 3t; 1983 a. 3, 27; 1983 a. 83 s. 22; 1983 a. 308, 377, 524, 538; 1985 a. 2, 29, 300; 1987 a. 4, 307; 1989 a. 31; 2013 a. 20.

The Joint Committee on Finance has no authority to set aside a collective bargaining agreement between the regents and the teaching assistants association. 59 Atty. Gen. 200.

The one man–one vote principle is inapplicable to legislative committees since that principle applies only to the exercise of legislative powers and those powers cannot constitutionally be delegated to these committees. There has been no unconstitutional delegation to the joint committee on finance. 63 Atty. Gen. 173.

Nonpartisanship is not a requirement of the committee clerk position, and the clerk does not work for a nonpartisan agency or perform nonpartisan budgetary or policy analysis. Nevertheless, given the nature of the clerk's responsibilities, a decision maker could reasonably consider an applicant's history of partisan activity. However, an applicant's political affiliation and the applicant's history of partisan activities are two distinct considerations. *Albers–Anders v. Pocan*, 905 F. Supp. 2d 944 (2012).

13.093 Reference of bills to joint committee on finance. (1) All bills introduced in either house of the legislature for the appropriation of money, providing for revenue or relating to taxation shall be referred to the joint committee on finance before being passed.

(2) (a) Any bill making an appropriation, any bill increasing or decreasing existing appropriations or state or general local government fiscal liability or revenues, and any bill that modifies an existing surcharge or creates a new surcharge that is imposed under ch. 814, shall, before any vote is taken thereon by either house of the legislature if the bill is not referred to a standing committee, or before any public hearing is held before any standing committee or, if no public hearing is held, before any vote is taken by the committee, incorporate a reliable estimate of the anticipated change in appropriation authority or state or general local government fiscal liability or revenues under the bill, including to the extent possible a projection of such changes in future biennia. The estimate shall also indicate whether any increased costs incurred by the state under the bill can be mitigated through the use of contractual service contracts let in accordance with competitive procedures. For purposes of this paragraph, a bill increasing or decreasing the liability or revenues of the unemployment reserve fund is considered to increase or decrease state fiscal liability or revenues. Except as otherwise provided by joint rules of the legislature or this paragraph, such estimates shall be made by the department or agency administering the appropriation or fund or collecting the revenue. The legislative council staff shall prepare the fiscal estimate with respect to the provisions of any bill referred to the joint survey committee on retirement systems which create or modify any system for, or make any provision for, the retirement of or payment of pensions to public officers or employees. The director of state courts shall prepare the fiscal estimate with respect to the provisions of any bill that modifies an existing surcharge or creates a new surcharge that is imposed under ch. 814. When a fiscal estimate is prepared after the bill has

been introduced, it shall be printed and distributed as are amendments.

(b) Executive budget bills introduced under s. 16.47 (1) are exempt from the fiscal estimate requirement under par. (a) but shall, if they contain a provision affecting a public retirement fund or providing a tax exemption, be analyzed as to those provisions by the respective joint survey committee. If such a bill contains a provision providing a tax exemption, the bill shall be simultaneously referred to the joint survey committee on tax exemptions and the joint committee on finance. The report of the joint survey committee on tax exemptions shall be prepared within 60 days of introduction for bills introduced under s. 16.47 (1).

13.095 Review of programs started with federal aid.

State agencies responsible for the administration of federal contract or grant–in–aid programs shall promptly notify the federal aid management service of the department of administration whenever any program or project, financed wholly or partially from federal aids, would have to be continued from state funds because federal aid will be or has been curtailed or withdrawn or because the federal program from which the aid was received has or will be expired. The federal aid management service under s. 16.545 shall promptly notify the joint committee on finance of all notifications received from state agencies. The cochairpersons of the joint committee on finance may thereupon schedule a public hearing for the purpose of exploring alternatives with regard to the future in this state of the program for which federal aid will be or has been reduced or eliminated. The chief executive officer of the department or independent agency administering such program shall appear at the hearing for the information of the joint committee. The joint committee shall submit its recommendations including suggested legislation to the legislature.

History: 1993 a. 282.

13.0965 Review of bills proposing revocation of an operating privilege. If any bill that is introduced in either house of the legislature proposes to revoke a person's operating privilege upon conviction of that person for any offense, the department of transportation shall, within 4 weeks after the bill is introduced, prepare a report that states whether the bill is consistent with a policy of revoking an operating privilege only for traffic violations that are likely to result in death, personal injury or serious property damage. The report shall be printed as an appendix to the bill and shall be distributed in the same manner as amendments. The report shall be distributed before any vote is taken on the bill by either house of the legislature if the bill is not referred to a standing committee, or before any public hearing is held before any standing committee or, if no public hearing is held, before any vote is taken by the committee. trust purpose uses will be enhanced or diminished upon completion of the project.

(b) *Public access.* Whether all residents of the state will be able, without restriction, to participate in the uses of the lake bed area subject to the proposed conveyance upon completion of the project.

(c) *Purposes of the proposed conveyance.* Whether the public trust purposes of the conveyance, as expressed in the legislation, are sufficiently narrow to permit only the specific public trust purpose uses proposed by the grantee.

(d) *Management by the grantee.* Whether the grantee's management of the use of any other lake bed areas conveyed to the grantee conforms with a public trust purpose and whether the grantee's proposals for the use of the lake bed area subject to the proposed conveyance conform with a public trust purpose.

(e) *Governmental control.* Whether the lake bed area and its proposed public trust purpose uses will be controlled or supervised by a governmental unit.

(f) *Commercial uses.* Whether any commercial uses of the lake bed area subject to the proposed conveyance are minor and incidental to free public trust purpose uses or whether commercial purposes dominate the proposed use of the lake bed area.

13.101 Joint committee on finance; appropriation and position changes. (1) Following the procedures under s. 13.10, the joint committee on finance may take action under this section.

(2) A department, board, commission or agency may request the committee to create or abolish a full-time equivalent position as defined in s. 230.03 (11) or portion thereof in the department, board, commission or agency. Upon receiving such a request, the committee may change the authorized level of full-time equivalent positions in the department, board, commission or agency. The committee may approve a different authorized level of full-time equivalent positions than is requested by the department, board, commission or agency.

(3) (a) The committee may supplement, from the appropriations under s. 20.865 (4), the appropriation of any department,

board, commission or agency, which is insufficient because of unforeseen emergencies or insufficient to accomplish the purpose for which made, if the committee finds that:

1. An emergency exists;
2. No funds are available for such purposes; and
3. The purposes for which a supplemental appropriation is requested have been authorized or directed by the legislature.

(b) The committee may supplement an appropriation only for the fiscal biennium during which the committee takes the action to supplement the appropriation.

(4) The committee may transfer between appropriations and programs if the committee finds that unnecessary duplication of functions can be eliminated, more efficient and effective methods for performing programs will result or legislative intent will be more effectively carried out because of such transfer, if legislative intent will not be changed as the result of such transfer and the purposes for which the transfer is requested have been authorized or directed by the legislature. The authority to transfer between appropriations includes the authority to transfer between 2 fiscal years of the same biennium, between 2 appropriations of the same agency and between an appropriation of one agency and an appropriation of a different agency. No transfer between appropriations or programs may be made to offset deficiencies arising from the lack of adequate expenditure controls by a department, board, institution, commission or agency. Except as provided in sub. (4d), the authority to transfer between appropriations shall not include the authority to transfer from sum sufficient appropriations as defined under s. 20.001 (3) (d) to other types of appropriations.

(4d) During the public health emergency declared on March 12, 2020, by executive order 72, and for a period of 90 days after termination of the emergency, the committee may transfer under sub. (4) an amount not to exceed \$75,000,000 from sum sufficient appropriations, as defined under s. 20.001 (3) (d), to be used for expenditures related to the emergency.

(4m) The committee may make loans from the appropriation under s. 20.865 (4) (a) to any appropriation from the general fund or any state segregated fund. If a loan upon repayment is credited to the appropriation under s. 20.865 (4) (a), the committee may utilize the loan funds repaid as provided in this section and s. 20.865 (4) (a).

(5) The committee may allot moneys under s. 20.865 (4) (a), (g) and (u) to any state activity to which a federal project has been granted.

(6) (a) As an emergency measure necessitated by decreased state revenues and to prevent the necessity for a state tax on general property, the committee may reduce any appropriation made to any board, commission, department, or the University of Wisconsin System, or to any other state agency or activity, by such amount as it deems feasible, not exceeding 25 percent of the appropriations, except appropriations made by ss. 20.255 (2) (ac), (bc), (bh), (cg), and (cr), 20.395 (1), (2) (cq), (eq) to (ex) and (gx) to (gx), (3), (4) (aq) to (ax), and (6) (af), (aq), (ar), and (au), 20.435 (4) (a) and (5) (da), and 20.437 (2) (a) and (dz) or for forestry purposes under s. 20.370 (2), or any other moneys distributed to any county, city, village, town, or school district. Appropriations of receipts and of a sum sufficient shall for the purposes of this section be regarded as equivalent to the amounts expended under such appropriations in the prior fiscal year which ended June 30. All functions of said state agencies shall be continued in an efficient manner, but because of the uncertainties of the existing situation no public funds should be expended or obligations incurred unless there shall be adequate revenues to meet the expenditures therefor. For such reason the committee may make reductions of such appropriations as in its judgment will secure sound financial operations of the administration for said state agencies and at the same time interfere least with their services and activities.

(b) No reduction in any such appropriation may be made under authority of this section until an opportunity to be heard is given,

in writing or through publication in the official state paper, to the state agency to which such appropriation is made. Notice of any reduction in appropriations shall be communicated to the state agency affected, and to the department of administration. Thereafter, the secretary of administration shall not release and shall not draw a warrant in payment of any amount exceeding the reduced appropriations.

(7) Whenever in the statutes an appropriation or a portion of an appropriation is available only upon release by the committee, such moneys shall be made available by the committee at such times and in such amounts as the committee may determine to be necessary to adequately provide for the purposes for which they are appropriated, with due regard for the whole amount available for such purposes. If the provision relating to release by the committee is invalid, the appropriation or portion of the appropriation which is subject to such release shall not be invalidated but shall be considered to be made without any condition as to time or manner of release.

(8) No part of any appropriation which is made conditional upon approval by the committee shall be effective and available until approval in writing signed by the governor and at least one of the chairpersons of the committee has been filed with the department of administration.

(9) Releases made by the committee shall be effective only for the fiscal year for which made.

(10) The committee may approve expenditure of moneys received by this state as a part of a block grant under s. 16.54 (2) (a) 2., and may approve a transfer of moneys allocated by the federal government to this state as a part of a block grant for use as a part of another such grant made for different purposes. In this subsection, “block grant” has the meaning given under s. 16.54 (2) (a).

(11) The committee may approve a clean water fund program interest rate change as specified under s. 281.58 (12) (f) or a safe drinking water loan program interest rate change as specified under s. 281.61 (11) (b).

(14) With the concurrence of the joint committee on information policy and technology, direct the department of administration to report to the committee concerning any specific information technology system project in accordance with s. 13.58 (5) (b) 4.

(15) Notwithstanding sub. (3) (a), if the department of administration requests the joint committee on finance to supplement the appropriation under s. 20.505 (1) (ku) from the appropriation under s. 20.865 (4) (g), the committee may supplement the appropriation by not more than \$500,000 in any fiscal year to provide a grant to one or more eligible counties if the committee finds that the proposed grantee or grantees are eligible to receive a grant under s. 16.18. Notwithstanding sub. (3) (a), no finding of emergency is required for the committee to act in accordance with this subsection.

(17) From the appropriation under s. 20.435 (2) (gk), the committee may approve expenditure of moneys received by the state under s. 51.06 (6) only to support any state activity, including by the department of veterans affairs, that is conducted or performed on the property that is occupied or managed by the department of health services or the department of corrections on December 30, 2003, at the Northern Center for the Developmentally Disabled.

Such subpoenas may be served by any person and shall be returned to the chief clerk of the house which issued the same as subpoenas from the circuit court are served and returned.

"Renewable energy resource system" does not include any equipment which would be present as part of a conventional energy system; any equipment which would be present as part of a system primarily used to heat a swimming pool; or a passive solar system which serves a dual purpose, as defined by the building commission by rule. "Dual purpose" includes, but is not limited to, a passive solar system serving also as a structural component, a greenhouse or a living space.

f. "Solar energy" means radiant energy received from the sun.

g. "Solar energy system" means equipment which directly converts and then transfers or stores solar energy into usable forms of thermal or electrical energy.

2. The building commission may not authorize the release of funds for bidding and construction of any new building, structure,

major remodeling or building addition as enumerated in the authorized state building program as required by s. 20.924 (1) (a) and (b), or such other projects as the building commission determines to be appropriate, unless the design concept does all of the following for purposes of space heating and cooling and water heating:

a. Provide maximum practical use of passive solar energy system design elements, including daylight lighting designs.

b. Offer life-cycle cost estimates of the energy resource consuming system of the facility.

c. Unless not justified on the basis of a technical and economic feasibility evaluation, incorporate an active solar energy system or photovoltaic solar energy system or other renewable energy resource system.

(i) In this paragraph, "life-cycle costing" means an economic evaluation of purchases or capital construction which considers all relevant costs associated with each purchase or building during its economic life, including, but not limited to, energy costs, acquisition and conversion, money, transportation, warehousing and distribution, training, operation and maintenance and disposition or resale. The building commission shall establish procedures requiring life-cycle costing for the design and location of any new building, structure, major remodeling or building addition as enumerated in the authorized state building program under s. 20.924 (1) (a) and (b), and for such other projects as the building commission determines to be appropriate. The building commission may not authorize the release of funds for construction of any new building, structure, major remodeling or building addition unless the requirements of the life-cycle costing procedures have been satisfied.

(k) 1. In designing the construction or renovation of central steam generating facilities, the building commission shall employ a design for the cogeneration of steam and electricity unless the building commission determines that such a design is not cost-effective and technically feasible. The building commission may not release funds for the construction of a new central steam generating facility unless the requirements of this subdivision have been satisfied.

2. To the greatest extent cost-effective and technically feasible, the building commission shall ensure that state owned or operated steam generating facilities are designed to allow the use of biomass fuels and refuse-derived fuels.

(L) From the appropriation under s. 20.867 (3) (x), the building commission may supplement authorized state building program project budgets to offset cost overruns resulting from an increase in price levels due to inflation. Moneys cannot be expended under this paragraph without the approval of the joint committee on finance.

(3) STATE BUILDING TRUST FUND. In the interest of the continuity of the program, the moneys appropriated to the state building trust fund under s. 20.867 (2) (f) shall be retained as a nonlapsing building depreciation reserve. Such moneys shall be deposited into the state building trust fund. At such times as the building commission directs, or in emergency situations under s. 16.855 (16) (b), the governor shall authorize releases from this fund to become available for projects and shall direct the department of administration to allocate from this fund such amounts as are approved for these projects. In issuing such directions, the building commission shall consider the cash balance in the state building trust fund, the necessity and urgency of the proposed improvement, employment conditions and availability of materials in the locality in which the improvement is to be made. The building commission may authorize any project costing \$1,000,000 or less or, beginning in fiscal year 2023–24, \$2,000,000 or less in accordance with priorities to be established by the building commission and may adjust the priorities by deleting, substituting or adding new projects as needed to reflect changing program needs and unforeseen circumstances. The building commission may enter into contracts for the construction of buildings for any state agency, except a project authorized under sub. (10) (c), and shall

be responsible for accounting for all funds released to projects. The building commission may designate the department of administration or the agency for which the project is constructed to act as its representative in such accounting.

(4) STATE AGENCIES TO REPORT PROPOSED PROJECTS. Whenever any state agency contemplates a project under the state building program it shall report the project to the building commission. The report shall be made on such date and in such manner as the building commission prescribes. This subsection does not apply to projects identified in sub. (10) (c).

(5) ASSISTANCE TO BUILDING COMMISSION. (a) The department of administration shall assist the building commission in the performance of its duties. The department of administration shall, when requested by the building commission, make or cause to be made such studies, preliminary plans and specifications and cost estimates with respect to any proposed project as are necessary to permit the building commission to consider intelligently the approval or disapproval of the project and the appropriation of funds. The costs of such studies shall be charged against the building trust fund.

(b) Whenever the building commission considers any proposal for the construction of a new correctional institution or the expansion of an existing correctional institution, the department of administration shall provide the commission with information concerning annual operating costs, including staffing costs, that will result from such construction or expansion in connection with consideration of that proposal.

(6) REVIEW OF PROJECTS. All reports submitted as provided by sub. (4) shall be reviewed by the building commission, which shall make its report as soon after November 20 as is possible. Such report shall include specific recommendations and establish priorities for the next 3 biennia from among all projects submitted which the building commission deems essential and shall recommend additional appropriations if necessary for the execution thereof. The building commission shall include in the report any projects proposed by the state fair park board involving a cost of not more than \$300,000, together with the method of financing proposed for those projects by the board, without recommendation. Beginning in fiscal year 2023–24, this amount is \$600,000. The building commission shall include in its report an appraisal and recommendation of available and alternative methods of financing buildings for the use of state agencies and shall file copies of its report with the governor–elect.

(7) BIENNIAL RECOMMENDATIONS. The building commission shall prepare and formally adopt recommendations for the long–range state building program on a biennial basis. The building commission shall include in its report any projects proposed by the state fair park board involving a cost of not more than \$300,000, together with the method of financing those projects proposed by the board, without recommendation. Beginning in fiscal year 2023–24, this amount is \$600,000. Unless a later date is requested by the building commission and approved by the joint committee on finance, the building commission shall, no later than the first Tuesday in April of each odd–numbered year, transmit the report prepared by the department of administration under s. 16.40 (20) and the commission’s recommendations for the succeeding fiscal biennium that require legislative approval to the joint committee on finance in the form of proposed legislation prepared in proper form.

(8) EXPANSION AT GREEN BAY CORRECTIONAL INSTITUTION OUTSIDE OF WALLS PROHIBITED. Further expansion at Green Bay Correctional Institution outside of the walls is prohibited.

(10) APPROVAL BY BUILDING COMMISSION. (a) Except as provided in par. (c), no state board, agency, officer, department, commission, or body corporate may enter into a contract for the construction, reconstruction, remodeling of, or addition to any building, structure, or facility, in connection with any building project which involves a cost in excess of \$300,000 without completion of final plans and arrangement for supervision of construction and prior approval by the building commission. Beginning

in fiscal year 2023–24, this amount is \$600,000. This section applies to the department of transportation only in respect to buildings, structures, and facilities to be used for administrative or operating functions, including buildings, land, and equipment to be used for the motor vehicle emission inspection and maintenance program under s. 110.20.

(b) This subsection does not apply to any of the following:

1. Contracts by the department of natural resources for construction work related to hazardous substance spill response under s. 292.11 or environmental repair under s. 292.31.

2. Projects approved by the governor in response to emergency situations under s. 16.855 (16) (b) or to allocations from the appropriation made under s. 20.867 (2) for special category projects when the building commission has released funds under sub. (3) and has also approved a plan for the expenditure of those funds. “Special category projects” for the purpose of this subdivision include projects such as special maintenance, energy conservation, handicapped access and advance property acquisition designated by the building commission.

3. Construction or improvement projects of the University of Wisconsin Hospitals and Clinics Authority.

3m. Rehabilitation projects of the Fox River Navigational System Authority.

4. Build–operate–lease or transfer agreements by the department of transportation for transportation projects under s. 84.01 (30).

5. Contracts for construction of any building, structure or facility for the state fair park board involving a cost of not more than \$300,000. Beginning in fiscal year 2023–24, this amount is \$600,000.

6. Projects of the Wisconsin Economic Development Corporation.

(c) Paragraph (a) does not apply to any contract for a UW gifts and grants project, as defined in s. 16.855 (1g) (f), that the Board of Regents of the University of Wisconsin System lets through single prime contracting under s. 16.855 (12m).

(11) EXCEPTIONS. Nothing in this section prohibits the use of past policies and existing statutory authority to borrow funds for the construction of buildings.

(12) PRIVATELY OWNED OR OPERATED FACILITIES. (a) Except as provided in par. (b), no state board, agency, officer, department, commission or body corporate which has authority to permit a privately owned or operated facility to be constructed on state–owned land may permit a facility that would be privately owned or operated to be constructed on state–owned land without prior approval of the building commission.

(b) This subsection does not apply to any of the following:

1. A facility constructed by or for a business entity having condemnation authority under s. 32.02 (3) to (10) and (13) for purposes for which it would have condemnation authority.

2. A facility constructed by or for the state fair park board, if the cost of constructing the facility does not exceed the amount specified in sub. (3).

3. A facility constructed pursuant to a build–operate–lease or transfer agreement under s. 84.01 (30).

4. A facility constructed by or for the Fox River Navigational System Authority.

5. A facility constructed by or for the Wisconsin Economic Development Corporation.

(13) APPLICATION OF LAWS, RULES, CODES, ORDINANCES AND REGULATIONS. (a) Except as provided in par. (b) or (c), every building, structure or facility that is constructed for the benefit of or use of the state, any state agency, board, commission or department, the University of Wisconsin Hospitals and Clinics Authority, the Fox River Navigational System Authority, the Wisconsin Economic Development Corporation, or any local professional baseball park district created under subch. III of ch. 229 if the construction is undertaken by the department of administration on

behalf of the district, shall be in compliance with all applicable state laws, rules, codes and regulations but the construction is not subject to the ordinances or regulations of the municipality in which the construction takes place except zoning, including without limitation because of enumeration ordinances or regulations relating to materials used, permits, supervision of construction or installation, payment of permit fees, or other restrictions.

(b) Every building, structure or facility that is constructed at state fair park shall be in compliance with all applicable state laws, rules and codes but is not subject to zoning or any other ordinances or regulations of the municipality in which the park is located.

(c) No construction undertaken by the state for the purpose of renovation of the state capitol building is subject to any state law, rule, code or regulation, or any zoning ordinance or regulation of the city of Madison, governing such construction.

(14) SALE OR LEASE OF PROPERTY. (a) In this subsection, “agency” has the meaning given in s. 16.52 (7).

(am) 1. Except as provided in this paragraph, the building commission shall have the authority to sell or lease all or any part of state-owned real property unless the sale or lease is prohibited under the state or federal constitution or federal law or the sale is conducted as a part of a procedure to enforce an obligation to this state, and may transfer real property under its jurisdiction among agencies. The commission may sell or lease property under this paragraph with or without the approval of the agency having jurisdiction over the property and regardless of whether the property is included in an inventory submitted under par. (d). The building commission does not have the authority to sell or lease any state-owned real property under this paragraph after the department of administration notifies the commission in writing that an offer of sale or sale or lease agreement with respect to a property is pending under s. 16.848 (1). If the sale or lease is not completed and no further action is pending with respect to the property, the authority of the building commission under this paragraph is restored.

2. If the building commission proposes to sell or lease any property identified in subd. 1., the commission shall first notify the joint committee on finance in writing of its proposed action. The commission shall not proceed with the proposed action unless the proposed action is approved by the committee. Together with any notification, the commission shall also provide all of the following:

a. The estimated value of the property as determined by the department of administration and by at least one qualified privately owned assessor.

b. The full cost of retiring any remaining public debt incurred to finance the acquisition, construction, or improvement of the property.

c. A cost-benefit analysis that considers the short-term and long-term costs and benefits to the state from selling or leasing the property.

d. The length and conditions of any proposed sale or lease between this state and a proposed purchaser or lessee.

e. The estimated budgetary impact of the proposed sale or lease upon affected state agencies for at least the current and following fiscal biennium.

em. The methodology to ensure the competitive and transparent sale of the property.

f. Any other information requested by the committee.

3. Except with respect to property identified in s. 16.848 (2), if any agency has authority to sell or lease real property under any other law, the authority of that agency does not apply after the commission notifies the agency in writing that an offer of sale or sale, or a lease agreement, is pending with respect to the property under this subdivision. If the sale or lease is not completed and no further action is pending with respect to the property, the authority of the agency to sell or lease the property is restored. If the commission sells or leases any state-owned real property under this subdivision, the commission may attach such conditions to the

sale or lease as it finds to be necessary or appropriate to carry out the sale or lease in the best interest of the state.

4. This paragraph does not apply to real property that is exempted from sale or lease by the department of administration under s. 16.848.

5. This paragraph does not apply to agricultural land acquired by the Board of Regents of the University of Wisconsin System under s. 36.33 (1).

(b) The building commission shall sell on the basis of either public bids, with the building commission reserving the right to reject any or all bids in the best interest of the state, or on the basis of negotiated prices as determined through a competitive or transparent process. Buildings, structures and land mentioned in this subsection shall be subject to general property taxes levied by those taxing bodies within whose area they lie if used for commercial purposes, and shall be subject to special assessments for public improvements in the same manner and to the same extent as privately owned real property, subject to approval of the building commission when required under s. 66.0703 (6).

(bg) If any property that is proposed to be sold by the commission under par. (am) is co-owned by a nonstate entity, the commission shall afford to that entity the right of first refusal to purchase the share of the property owned by the state on reasonable financial terms established by the commission.

(br) If the building commission sells or leases any real property under par. (am) that was under the jurisdiction of an agency prior to the sale or lease, the agency shall convey all systems, fixtures, or additional property interests specified by the commission to the purchaser or lessee of the property on terms specified by the commission. If the commission sells or leases a state-owned heating, cooling, or power plant that is under the jurisdiction of an agency, the agency shall convey all real and personal property associated with the plant to the purchaser or lessee on terms specified by the commission.

(c) Except as provided in par. (e), if there is any outstanding public debt used to finance the acquisition, construction, or improvement of any property that is sold or leased under par. (am), the building commission shall deposit a sufficient amount of the net proceeds from the sale or lease of the property in the bond security and redemption fund under s. 18.09 to repay the principal and pay the interest on the debt, and any premium due upon refunding any of that debt. If there is any outstanding public debt used to finance the acquisition, construction, or improvement of any property that is sold or leased under par. (am), the building commission shall then provide a sufficient amount of the net proceeds from the sale or lease of the property for the costs of maintaining federal tax law compliance applicable to the debt. If the property was acquired, constructed, or improved with federal financial assistance, the commission shall pay to the federal government any of the proceeds required by federal law. If the property was acquired by gift or grant or with gift or grant funds, the commission shall adhere to any restriction governing use of the proceeds. Except as required under par. (e) and ss. 20.395 (9) (qd) and 51.06 (6), if there is no such debt outstanding, there are no moneys payable to the federal government, and there is no restriction governing use of the proceeds, and if the net proceeds exceed the amount required to be deposited, paid, or used for another purpose under this subsection, the building commission shall use the net proceeds or remaining net proceeds to pay principal and interest costs on outstanding public debt issued to finance the acquisition, construction, or improvement of property. If any net proceeds remain thereafter, the commission shall use the proceeds to pay principal and interest costs on other outstanding public debt. For the purpose of paying principal and interest costs on other outstanding public debt under this paragraph, the commission may cause outstanding bonds to be called for redemption on or following their optional redemption date, establish one or more escrow accounts to redeem bonds at their optional redemption date, or purchase bonds in the open market. To the extent practical, the

commission shall consider all of the following in determining which public debt to redeem:

1. To the extent that debt service on the property being sold or leased was paid from a segregated fund, other outstanding public debt related to that segregated fund should be redeemed.

2. The extent to which general obligation debt that was issued to acquire, build, or improve the property being sold or leased is subject to current optional redemption, would require establishment of an escrow, or could be assigned for accounting purposes to another statutory bond purpose.

3. The fiscal benefit of redeeming outstanding debt with higher interest costs.

4. The costs of maintaining federal tax law compliance in the selection of general obligation debt to be redeemed.

(cm) If there are any outstanding revenue obligations, issued pursuant to subch. II of ch. 18, used to finance the acquisition, construction, or improvement of any property that is sold or leased under par. (am), the commission shall deposit a sufficient amount of the net proceeds from the sale or lease of the property in the respective redemption fund provided under s. 18.561 (5) or 18.562 (3) to repay the principal and pay the interest on the revenue obligations, and any premium due upon refunding any of the revenue obligations. If there are any outstanding revenue obligations, issued pursuant to subch. II of ch. 18, used to finance the acquisition, construction, or improvement of any property that is sold or leased under par. (am), the commission shall then provide a sufficient amount of the net proceeds from the sale or lease of the property for the costs of maintaining federal tax law compliance applicable to the revenue obligations. For the purpose of paying principal and interest costs on other outstanding revenue obligations, the commission may cause outstanding revenue obligations to be called for redemption on or following their optional redemption date, establish one or more escrow accounts to redeem obligations at their optional redemption date, or purchase bonds on the open market. Except as required under par. (e) and ss. 20.395 (9) (qd) and 51.06 (6), if the net proceeds exceed the amount required to be deposited, paid, or used for another purpose under this paragraph, the department shall use the net proceeds or the remaining net proceeds to pay principal and interest costs on other similar revenue obligations.

(d) Biennially, beginning on January 1, 2014, each agency other than the investment board shall submit to the department of administration an inventory of all real property under its jurisdiction. Except with respect to the Board of Regents of the University of Wisconsin System, the inventory shall include the estimated fair market value of each property. The agency shall specifically identify any underutilized assets in the inventory. No later than July 1 following receipt of the inventories, the department of administration shall obtain appraisals of all properties in the inventories that are identified by the department for potential sale and shall submit to the building commission an inventory containing the location, description and fair market value of each parcel of property identified for potential sale. This paragraph does not apply to the agricultural land acquired by the Board of Regents of the University of Wisconsin System under s. 36.33 (1).

(e) If the state office building located at 3319 West Beltline Highway in Dane County is sold by the state, the building commission shall ensure that the transferee pays \$476,228 from the proceeds of the sale to the Wisconsin Public Broadcasting Foundation, if the foundation exists at the time of the transfer.

(15) ACQUISITION OF LEASEHOLD INTERESTS. Subject to the requirements of s. 20.924 (1) (i), the building commission shall have the authority to acquire leasehold interests in land and buildings where such authority is not otherwise provided to an agency by law.

(16) MADISON DOWNTOWN STATE OFFICE FACILITIES. The eminent domain authority of the building commission under ch. 32 is limited to the acquisition of such parcels of land as it deems necessary for a site for Madison downtown state office facilities, when-

ever the building commission is unable to agree with the owner upon the compensation therefor, or whenever the absence or legal incapacity of such owner, or other cause prevents or unreasonably delays such agreement.

(17) ADVANCED LAND ACQUISITION. In the interest of preventing land speculation the building commission may acquire property within the blocks bordered by East Washington Avenue, South Webster Street, East Wilson Street and South Hancock Street in the city of Madison for possible future construction.

(18) ACQUISITION OF OPEN SPACES. The building commission may acquire property adjacent to or within 2 blocks of any state facility for the purpose of establishing and developing open green spaces or possible future construction. Any acquisition in the city of Madison within block number 72, 73, 74, 75, 76, 77, 83, 84, 89, 90, 99, 100, 101, 102, 103 or 104 of the original plat of the city is exempt from enumeration under s. 20.924 (1) if such acquisition is to be solely used to meet the space needs of the state law library, the legislative reference bureau library and legislative and judicial branch agencies and support staffs.

NOTE: Sub. (18) is amended by 1997 Wis. Act 5, eff. 7-1-02 or upon completion of acquisition of property sufficient for the construction of a facility to meet the space needs of the state law library, the legislative reference bureau library and legislative and judicial branch agencies and support staffs, to read:

(18) ACQUISITION OF OPEN SPACES. The building commission may acquire property adjacent to or within 2 blocks of any state facility for the purpose of establishing and developing open green spaces or possible future construction.

(19) ALTERNATIVES TO STATE CONSTRUCTION. (a) Whenever the building commission determines that the use of innovative types of design and construction processes will make better use of the resources and technology available in the building industry, the building commission may waive any or all of s. 16.855, except s. 16.855 (13) and (14m) (a) to (c), if the action is in the best interest of the state and is approved by the building commission.

(b) Subject to the requirements of s. 20.924 (1) (i), the building commission may authorize the lease, lease purchase or acquisition of facilities in lieu of state construction of any project enumerated in the authorized state building program.

(20) RESIDENCE HALLS. Except as provided in sub. (14) (am), the building commission may approve the sale or lease of state-owned residence halls by the board of regents of the University of Wisconsin System to another state agency or a nonstate nonprofit agency for purposes provided in s. 36.11 (1) (e).

(20m) PROJECTS. (a) The building commission shall under this subsection assist construction projects having a public purpose.

(b) The building commission may award a construction project that satisfies par. (a).

(c) The building commission may authorize up to \$25,000,000 in general fund supported borrowing under par. (b), including up to \$3,000,000 for the project described in par. (d).

(d) 1. The legislature finds and determines that supporting entrepreneurs and innovators, providing facilities for job training, and promoting dynamic community revitalization and development are of vital importance in creating jobs and contributing to economic development and tourism in this state and are statewide responsibilities of statewide dimension. It is therefore in the public interest, and it is the public policy of this state, to assist the Incentive Community Foundation, Inc., in redeveloping the former Daily Tribune building in the city of Wisconsin Rapids into an economic and community hub.

2. The building commission may under this subsection assist the Incentive Community Foundation, Inc., in redeveloping the former Daily Tribune building in the city of Wisconsin Rapids into an economic and community hub. The state funding commitment shall be in the form of a grant to the Incentive Community Foundation, Inc. Before approving any state funding commitment for redeveloping the former Daily Tribune building, the building commission shall determine that the Incentive Community Foundation, Inc., has secured additional funding for

the project from nonstate revenue sources at least equal to the state's grant.

3. If the building commission authorizes a grant to the Encourage Community Foundation, Inc., under subd. 2., and if, for any reason, the facility that is redeveloped with funds from the grant is not used for an economic and community hub, the state shall retain an ownership interest in the facility equal to the amount of the state's grant.

(20s) CENTER. (a) The building commission may award under this subsection for a center.

(b) The building commission may authorize up to \$15,000,000 in general fund supported borrowing under par. (a).

(20t) PSYCHIATRIC AND BEHAVIORAL HEALTH TREATMENT BEDS. (a) The legislature finds and determines that expanding psychiatric bed capacity as described in par. (b) would greatly benefit state residents by expanding access to timely inpatient mental health treatment and other behavioral health services and allowing public financial resources to be better distributed to more effectively improve delivery of mental health services and is a statewide responsibility of statewide dimension. It is therefore in the public interest, and it is the public policy of this state, to expand psychiatric bed capacity and behavioral health treatment capacity.

(b) The building commission may authorize up to \$5,000,000 in general fund supported borrowing to make a grant for the purpose of renovating an existing mental health facility in Marathon County. The renovation shall provide 26 beds for expanded capacity for psychiatric and other behavioral health treatment to an organization that applies to the building commission and meets all of the following criteria:

1. The organization provides mental and behavioral health services in the north central region of the state and has a campus in Marathon County.

2. The organization agrees to renovate an existing mental health facility in Marathon County to provide 16 adult inpatient psychiatric beds, 5 beds for emergency stabilization, and 5 beds for detoxification and substance use treatment. The organization shall serve individuals, including individuals who meet the criteria for emergency detention under s. 51.15 or 51.45, who are from Forest, Langlade, Lincoln, Marathon, Oneida, and Vilas Counties.

3. The organization identifies measures that it believes will serve the needs of area residents with behavioral health needs, especially, as a critical component of the measures, in reducing the burden on state-operated facilities.

4. The organization agrees to annually report to the legislature, in the manner described under s. 13.172 (2), the services provided with the resources funded by the grant awarded under this subsection, including the number of individuals diverted from state-operated mental health institutes.

5. The organization recognizes that it is liable to repay the grant funds to the state if the organization fails to continue to maintain the expanded services and number of beds described under subd. 2. for a minimum of 10 years.

(c) Notwithstanding s. 150.93, a hospital may increase its approved bed capacity for purposes of this subsection.

(d) If, for any reason, the space that is renovated with funds from the grant under par. (b) is not used for the purpose of providing the services described under par. (b) 2., the state shall retain an ownership interest in the renovated space equal to the amount of the state's grant.

(20v) GRANTS FOR LOCAL PROJECTS. (a) The building commission shall establish and operate a grant program under this subsection to assist nonstate organizations to carry out construction projects having a statewide public purpose.

(b) From the appropriation under s. 20.867 (3) (x), the building commission may award a grant to any nonstate organization for a construction project that satisfies par. (a).

(c) Before approving each grant, the building commission shall determine that the nonstate organization carrying out the project has secured additional funding for the project from nonstate revenue sources in an amount that is equal to at least half of the total cost of the project.

(d) If the building commission awards a grant under par. (b), and if, for any reason, the space that is constructed with funds from the grant is not used for one or more public purposes determined by the building commission under par. (a), the state shall retain an ownership interest in the constructed space equal to the amount of the state's grant.

(e) The building commission is prohibited from awarding a grant under par. (b) unless the department of administration has reviewed and approved plans for the construction project associated with the grant. Notwithstanding ss. 16.85 (1) and 16.855 (1m), the department of administration is prohibited from supervising any services or work or letting any contract for the project. Section 16.87 does not apply to the project.

(21) DEBT INCREASE FOR MEDICAL COLLEGE OF WISCONSIN. (a) The building commission may authorize up to \$8,000,000 of general fund supported borrowing to aid in the construction of a basic science education facility at the Medical College of Wisconsin. Prior to the approval of any state funding commitment, the building commission must satisfy itself that the Medical College of Wisconsin has secured additional funding commitments of at least \$34,000,000 from other nonstate revenue sources; that such revenue sources are reasonable and available; that the nonstate funding commitments will not exceed \$10,000,000 in borrowed funds, the repayment of which shall be amortized over a period of years equal to at least three-fourths of the amortization period for retirement of the bond issue authorized under s. 20.866 (2) (zb), and that the nonstate funding commitment will not jeopardize the operating funds of the medical college; and that the total funding commitments will enable the signing of contracts for the construction of a complete basic sciences educational facility. If the building commission authorizes a construction grant to the Medical College of Wisconsin, the medical college, in return, shall provide the state with an option-to-purchase with the following provisions:

1. The option price shall be the appraised fair market value at the time the option is exercised, less a credit recognizing the amount of the state's initial grant. The option shall be subject to any mortgage or other security interest of any private lenders and to the lease existing between the college and Milwaukee County.

2. The option could be exercised only upon the occurrence of any one of the 3 following events:

a. Suspension of operation of a medical school by the Medical College of Wisconsin or any successor organization;

b. Foreclosure of the mortgage by a private lender; or

c. Termination of the lease by Milwaukee County.

(b) If the state does not wish to exercise the option, and if the building is sold to any 3rd party, such agreement shall provide that the state has the right to receive an amount equal to construction grant from the net proceeds of any such sale after the mortgage has been satisfied and all other secured debts have been paid. This right shall be paramount to the right of the college to the proceeds upon such sale.

(22) SALE OR LEASE OF CAPITOL AREA LANDS. The building commission may lease or resell lands acquired in the capitol planning area for public or private redevelopment and may set such conditions of sale or lease as it deems necessary to ensure development compatible with the needs of the community and the state. This subsection does not apply to lands that are authorized to be sold or leased under s. 16.848 while an offer of sale, sale, or lease agreement is pending or while the lands are leased.

(23) LEASE OF SPACE FOR COMMERCIAL USE. Except as provided in sub. (14) (am), the building commission may lease space in state office buildings for commercial use, including without

limitation because of enumeration, retail, service and office uses. In doing so the building commission shall consider the cost and fair market value of the space as well as the desirability of the proposed use. Such leases may be negotiated or awarded by competitive bid procedures. All such leases of space in state office buildings shall provide for payments in lieu of property taxes.

(49) REGIONAL FORENSIC SCIENCE CENTER. (a) The legislature finds and determines that offering training and continuing education opportunities to coroners and medical examiners, law enforcement, district attorney offices, and emergency medical and health services providers will improve the quality of the death

investigation process for central and northern Wisconsin and is a statewide responsibility of statewide dimension. It is therefore in the public interest, and it is the public policy of this state, to assist Marathon County with the construction of a regional forensic science center.

The requirement of "final plans" under sub. (10) was satisfied when plans were adequate to award a contract under design/build process. Waiver standards under sub. (19) are sufficient. This section does not violate the separation of powers doctrine. *J.F. Ahern Co. v. Building Commission*, 114 Wis. 2d 69, 336 N.W.2d 679 (Ct. App. 1983).

State building projects that necessitate construction of utility services, sidewalks, driveway entrances, etc. are not subject to municipal control or regulation. 59 Atty. Gen. 62. See also *Hartford Union H.S. v. Hartford*, 51 Wis. 2d 591, 187 N.W.2d 849 (1971).

The building commission has the power of condemnation under sub. (16) for the acquisitions authorized by sub. (17), and also for acquisitions under sub. (18), provided that the acquisitions fall within the criteria of sub. (16). The commission must file the plan called for in s. 32.25 whenever it contemplates engaging in land acquisition activities for which the power of condemnation exists under law. 63 Atty. Gen. 290.

Under sub. (13), the state is subject to local zoning when remodeling a newly acquired or leased facility. 67 Atty. Gen. 251.

Subject to certain limitations, the lease of state office building space to a commercial enterprise serving both state employees and the general public is constitutional. Such leases do not require bidding. 69 Atty. Gen. 121.

Sub. (13) does not subject the Department of Natural Resources to local zoning with respect to its construction of any facility whose purpose is to assure public access to outdoor recreational areas, rather than to facilitate the department's internal operations. 81 Atty. Gen. 56.

13.482 State Public Building Corporation. (1) ORGANIZATION. The building commission is authorized to organize a nonprofit-sharing corporation to be known as the Wisconsin State Public Building Corporation. When so requested by the building commission, such corporation shall have authority to lease any state-owned land that may be available for the purposes of this section and to construct thereon such building projects, including all necessary buildings, improvements, facilities, equipment and other capital items as are required for the proper use and operation of such building projects after their completion. Nothing in this subsection shall be construed to prohibit the building commission from exercising the powers conferred upon it by this section and s. 13.488 with nonstock, nonprofit corporations other than the Wisconsin state public building corporation.

(2) BUILDING COMMISSION MAY ACQUIRE AND LEASE LANDS. (a) For the purpose of providing housing for state departments and agencies, including housing for state offices and the completion of the state office building, and to enable the construction, financing and ultimate acquisition thereof by the state, the building commission may acquire any necessary lands, and, subject to s. 13.48 (14) (am), lease and re-lease any lands owned by the state and available for the purpose to the Wisconsin State Public Building Corporation or other nonstock corporation organized under ch. 181 that is a nonprofit corporation, as defined in s. 181.0103 (17). The lease and re-lease shall be for a term or terms not exceeding 50 years each and shall be made on the condition that such corporation shall construct and provide on such leased lands such build-

ing projects, including buildings, improvements, facilities or equipment or other capital items, as the building commission requires, and shall re-lease the same to the building commission upon satisfactory terms as to the rental, maintenance and ultimate acquisition by the state as is in its best interests in the judgment of the building commission. After such leases and re-leases are executed and until the projects are acquired by the state, they shall be operated by the building commission through the department of administration, which shall have charge of such property as provided in ss. 16.85 and 16.8511. The building commission shall operate the projects in such manner as to provide revenues therefrom sufficient to pay the costs of operation and maintenance of the project and to provide for the payments due the Wisconsin State Public Building Corporation or other nonstock, nonprofit corporation but if the building commission finds and declares that the housing available in any such project is in excess of the current housing needs or requirements of the state departments and agencies occupying or availing themselves of the space in or capacity of such project, the building commission need not operate such project in a manner to provide revenues therefrom sufficient to pay the costs of operation and maintenance of the project and to provide for the rental payments due the Wisconsin State Public Building Corporation or other nonstock, nonprofit corporation.

(b) The building commission shall annually determine and fix the rate of annual rental and the share which shall be paid by each state department and agency occupying the building project. Such share shall be computed on a basis of square feet of floor space occupied or used by each department and agency, giving proper weight to the quality of space occupied. The building commission may continue to charge each such department and agency such rental after the project has been completed and acquired by the state. Such rentals shall be credited to the appropriation account under s. 20.505 (5) (ka). Plans for projects and all contracts and leases and re-leases made pursuant to this section shall, before becoming effective, have the written approval of the secretary of administration and the governor. This paragraph does not authorize the building commission to incur any state debt for the construction, lease or re-lease of such buildings, improvements, facilities or equipment for the housing of state departments and agencies.

(3) POWERS. In exercising the powers, functions and duties conferred upon the building commission pursuant to this section, the building commission shall have and may exercise all of the powers conferred upon it pursuant to s. 13.488 not inconsistent with this section. The state shall be liable for accrued rentals and for any other default under any lease or re-lease made with the Wisconsin State Public Building Corporation or other nonstock, nonprofit corporation under this section and may be sued therefor on contract as in other contract actions pursuant to ch. 775, except that it shall not be necessary for the Wisconsin State Public Building Corporation or other nonstock, nonprofit corporation or any assignee of any such corporation or any person or other legal entity proceeding on behalf of any such corporation to file any claim with the legislature prior to the commencement of any such action.

13.484 Limitation on certain building projects.

(1) This section does not apply to building projects which are amortized from private user charges such as, without limitation because of enumeration, student dormitories and food service buildings.

(2) No state building corporation may undertake any project or the financing of any project that would increase the total outstanding bonded indebtedness of all state building corporations to an amount in excess of 200 percent of that portion of all state taxes which were retained by the state during the preceding fiscal year and which became general purpose revenues in the general fund. Any project for which binding commitments have been made

before July 1, 1966 and which is not in compliance with this section may be completed.

13.485 Parking structure funding. (1) The parking facility that is enumerated for construction in the 1985–87 authorized state building program and that is located in Milwaukee County on Lake Michigan may be the subject of an agreement under sub. (4) and s. 59.79 (7) and may be funded from the proceeds of revenue obligations issued subject to and in accordance with subch. II of ch. 18.

(2) The building commission may, under ss. 18.561 and 18.562, deposit in a separate and distinct fund, outside the state treasury, in an account maintained by a trustee, fees and charges derived from the facilities or from agreements entered into under sub. (4). The fees and charges deposited are the trustee's moneys in accordance with the agreement between this state and the trustee or in accordance with the resolution pledging the fees and charges to the repayment of revenue obligations issued under this section.

(3) The building commission may pledge fees and charges received or to be received in the fund established in sub. (2) to secure revenue obligations issued under this section and the building commission shall have all other powers necessary and convenient to distribute the pledged fees and charges and to distribute the proceeds of revenue obligations in accordance with subch. II of ch. 18.

(4) The building commission may enter into agreements with the federal government or its agencies, political subdivisions of this state or private individuals or entities to insure, guaranty or in any other manner provide security for the revenue obligations issued under this section or to construct, operate, maintain or manage the facilities under sub. (1).

(5) Revenue obligations may be contracted by the building commission if it reasonably appears to the building commission that all obligations incurred under this section can be fully paid from moneys received or anticipated and pledged to be received on a timely basis. Revenue obligations issued under this section may not exceed \$14,541,200 in principal amount, excluding obligations issued to fund, refund or refinance outstanding revenue obligations.

(a) Without limitation by reason of any other statutes except s. 13.48 (14) (am), the power to sell and to convey title in fee sim-

(c) The power to lease or sublease from such nonprofit-sharing corporation, and to make available for public use, any lands or any such land and existing buildings conveyed or leased to such corporation under pars. (a) and (b), and any new buildings erected upon such land or upon any other land owned by such corporation, upon such terms, conditions and rentals, subject to available appropriations, as in the judgment of the building commission are in the public interest. With respect to any property conveyed to such corporation under par. (a), such lease from such corporation may be subject or subordinated to one or more mortgages of such property granted by such corporation.

(d) The duty to submit the plans and specifications for all such new buildings and all conveyances, leases and subleases made pursuant to this section to the department of administration and the governor for written approval before they are finally adopted, executed and delivered.

(g) The power to covenant and agree in any lease or sublease of any lands or of such new buildings made under par. (c) to impose fees, rentals or other charges for the use and occupancy or other operation of such new buildings in an amount which together with other moneys of the building commission available for such purpose will produce net revenue sufficient to pay the rentals due and to become due under such lease or sublease.

(h) The power to apply all or any part of the revenues derived from the operation of any lands or existing buildings to the payment of rentals due and to become due under any lease or sublease made under par. (c).

(k) The power and duty, upon receipt of notice of any assignment by any such corporation of any lease or sublease made under par. (c), or of any of its rights under any such lease or sublease, to recognize and give effect to such assignment, and to pay to the assignee thereof rentals or other payments then due or which may become due under any such lease or sublease which has been so assigned by such corporation.

(L) The duty to prohibit the use of general fund supported borrowing for the construction of parking facilities for new or existing buildings, unless fees will be charged for parking privileges sufficient to recover the costs of maintenance necessary for the parking facilities. (1) (c) and may be sued therefor on contract as in other contract actions pursuant to ch. 775, except that it shall not be necessary for the lessor under any such lease or sublease or any assignee of such lessor or any person or other legal entity proceeding on behalf of such lessor to file any claim with the legislature prior to the commencement of any such action.

(6) If the building commission finds and declares that the housing available in any building leased or subleased from a nonprofit-sharing corporation under sub. (1) (c) is in excess of the current housing needs or requirements of the state departments and agencies occupying or availing themselves of the space in or capacity of such building, the building commission need not operate such building in a manner to provide revenue therefrom sufficient to pay the costs of operation and maintenance of such building and to provide for the rental payments due a nonprofit-sharing corporation.

(7) In proceeding with development of new facilities at state fair park in West Allis, the building commission shall employ the following procedures:

Beginning in fiscal year 2023–24, this amount is \$600,000.

To this end the committee shall:

(a) Make such investigations as are required to carry out the duties assigned to it.

(b) Hold such hearings as are required to elicit information required to make its reports. Any member is empowered to administer oaths and examine witnesses. By subpoena, issued over the signature of the cochairpersons and served in the manner in which circuit court subpoenas are served, it may summon and compel the attendance of witnesses and the production of records necessary or convenient to be examined or used by them in carrying out their functions. Any subpoenaed witness who fails to appear, refuses to answer inquiries, or fails or refuses to produce records within his or her control when demanded shall be reported by the committee to the circuit court of Dane County, whose duty it is to compel obedience to any such subpoena by attachment proceedings for contempt as in case of disobedience of the requirements of a subpoena issued from said court or a refusal to testify therein.

(b). If the bill is not referred to a standing committee, the speaker of the assembly, if the bill is introduced in the assembly, or the presiding officer of the senate, if the bill is introduced in the senate, may request the joint review committee to prepare a report on the bill under par. (b).

(d) If a bill that is introduced in either house of the legislature proposes to create a new crime or revise a penalty for an existing crime, a standing committee to which the bill is referred may not vote on whether to recommend the bill for passage and the bill may not be passed by the house in which it is introduced before the joint review committee submits a report under par. (b) or before the 30th day after a report is requested under par. (a), whichever is earlier.

(6) COMMITTEE POWERS AND PROCEDURES. The committee may hold hearings as needed to elicit information for making a report under sub. (5) (b). The committee shall meet at the call of its cochairpersons. All actions of the committee require the approval of a majority of all of its members.

Accordingly, as of the effective date of that order, there is no 6th judicial administrative district.

13.53 Joint legislative audit committee. (1) CREATION. There is created a joint legislative audit committee consisting of the cochairpersons of the joint committee on finance, 2 other majority and 2 minority party senators and 2 other majority and 2 minority party representatives to the assembly, appointed as are the members of standing committees in their respective houses. In making appointments of the members from each house other than the cochairpersons of the joint committee on finance, each house shall designate a cochairperson. The committee shall be staffed as are other standing committees of the legislature. The committee shall meet as often as necessary to perform its duties and functions.

(2) RESPONSIBILITIES. The joint legislative audit committee shall have advisory responsibilities for the legislative audit bureau. The committee's responsibility is subject to general supervision of the joint committee on legislative organization. The joint legislative audit committee may:

(a) Evaluate the qualifications of the candidates for the position of state auditor and make recommendations to the joint committee on legislative organization.

(b) Study and review the postaudit or other reports submitted by the legislative audit bureau, confer with the state auditor and assistants and with other legislative committees in regard to such reports and, when necessary, confer with representatives of the entities audited in order to obtain full and complete information in regard to any fiscal transactions and governmental operations within the state.

(c) Refer to the legislature or to an appropriate standing committee information that, in its opinion, warrants action by the legislature or by the committee. It may request from a standing committee information on such action as is taken. The committee shall seek the advice of the appropriate standing committees with respect to the program portion of an audit relating to an entity which is within the purview of such committee.

(3) POSTAUDIT REPORT CONSIDERATION. (a) In any instance in which a postaudit report of the legislative audit bureau cites cases of improper payments; inadequate accounting, operating, or administrative system controls, procedures, or related records; inaccuracies; waste or extravagance; unauthorized or unintended activities or programs; or other deficiencies required by statute to be reported, the head of the entity to which the audit report pertains shall, within a time period specified by the committee, advise the cochairpersons of the committee, the chairperson of the joint committee on legislative organization and to each appropriate standing committee of any remedial actions taken or to be taken on matters cited in the report. Where such advice is not forthcoming from the head of the entity within the time period specified by the committee, or where the committee determines that suitable action has

not been taken, the committee may report the matter immediately to the joint committee on legislative organization and to each appropriate standing committee.

(b) The committee may, in any case, propose specific corrective action to remedy undesirable practices, including changes in applicable laws, rules and procedures, but with respect to the program portion of an audit, it shall first seek the advice of the appropriate standing committees which have purview over the entity under review. If the committee introduces a bill, it shall be referred to the appropriate standing committee. The appropriate standing committees may propose corrective legislation wherever they find that the program portion of the audit indicates that a law is not being implemented in the manner intended by the legislature when the law was enacted.

(c) Each appropriate standing committee, and the joint legislative audit committee, may hold a hearing on the contents of a post-audit report by the legislative audit bureau. An appropriate standing committee may request the joint legislative audit committee to hold such a hearing. Nothing in this paragraph precludes joint hearings by 2 or more committees.

(4) FISCAL AND PERFORMANCE EVALUATIONS. The committee may at any time, without regard to whether the legislature is then in session, request the joint committee on legislative organization to investigate any matter within the scope of a postaudit completed or being conducted by the legislative audit bureau. It may also request investigation and consideration of any matter relative to the expenditures and revenues as well as the fiscal and performance activities of entities pursuant to the objectives of the committee and the legislative audit bureau.

(5) INTERFERENCE; SPECIAL DUTIES. No member of the joint legislative audit committee, the joint committee on legislative organization or other member of the legislature may interfere in any way with the state auditor in the conduct of audit examinations. The state auditor shall carry out the auditor's professional responsibilities in accordance with accepted professional auditing standards and shall conduct examinations within the framework of the ethics of the auditing profession. This subsection does not preclude an individual legislator or a standing committee from requesting the joint legislative audit committee or the joint committee on legislative organization to direct the state auditor to undertake specific audits. All such requests shall be reviewed by the committee to which they are directed before such committee directs the state auditor to conduct such audits. The joint committee on legislative organization may consult with the joint legislative audit committee and the legislative audit bureau prior to giving its directions to the state auditor. Nothing in this subsection precludes the joint legislative audit committee or the joint committee on legislative organization from instructing the state auditor to undertake examinations of specific activities when the committee deems it to be necessary.

SUBCHAPTER III

REGULATION OF LOBBYING

13.61 Lobbying regulated; legislative purpose. The legislature declares that the operation of an open and responsible government requires that the fullest opportunity be afforded to the people to petition their government for the redress of grievances and to express freely to any officials of the executive or legislative branch their opinions on legislation, on pending administrative rules and other policy decisions by administrative agencies, and on current issues. Essential to the continued functioning of an open government is the preservation of the integrity of the governmental decision-making process. In order to preserve and maintain the integrity of the process, the legislature determines that it is necessary to regulate and publicly disclose the identity, expenditures and activities of persons who hire others or are hired to engage in efforts to influence actions of the legislative and executive branches.

A principal may permit its authorized lobbyist to maintain any of the records identified in this subsection on its behalf.

(6) SUSPENSION FOR FAILURE TO FILE A COMPLETE EXPENSE STATEMENT. If a principal fails to timely file a complete expense statement under this section, the commission may suspend the privilege of any lobbyist to lobby on behalf of the principal. Upon failure of a principal to file the required expense statement, the commission shall provide written notice by the most efficient means available to the principal and to any lobbyist for whom a written authorization has been filed under s. 13.65 to act as a lobbyist for the principal informing them that unless the principal files the delinquent statement within 10 business days after the date on which the commission provided notice, no lobbyist may lobby on behalf of the principal. (2) The committee shall consist of the speaker of the assembly, the president of the senate, and the majority and minority leaders and assistant majority and minority leaders of the 2 houses.

(3) The committee shall supervise and make policy for all legislative staff services.

History: 1977 c. 3, 325, 449; 1979 c. 34.

13.81 Joint legislative council. (1) **CREATION.** There is created a joint legislative council of 22 members consisting of the speaker of the assembly and the president of the senate, the speaker pro tempore of the assembly and the president pro tempore of the senate, the senate and assembly majority and minority leaders, the 2 cochairpersons of the joint committee on finance, the ranking minority member of the joint committee on finance from each house, and 5 senators and 5 representatives to the assembly appointed as are the members of standing committees in their respective houses. The speaker of the assembly and the president of the senate, or the designee of each from within the membership of that house on the council, shall serve as cochairpersons of the council. The speaker of the assembly or the president of the senate may decline to serve as member of the joint legislative council and, instead, appoint a replacement member of his or her house to the joint legislative council.

(2) **MEETINGS.** The council upon the call of the cochairpersons, or any committee under s. 13.82 or 13.83 upon the call of the respective chairperson, may meet at any time and place it determines, but when one-third of the total voting membership of the council or of any such committee requests that a meeting be held at a specific time and place, the cochairpersons of the council or the respective chairperson of the committee shall call a meeting for the specific time and place. No committee may meet at a place outside this state without the prior consent of the majority of the officers of the council.

(3) **REPORTS.** The council shall prepare a biennial report of its activities for the governor and the legislature. The council may issue reports concerning any phase of its work or the work of any of its committees under ss. 13.82 and 13.83, and shall provide for adequate distribution of such reports. A committee may submit legislation recommended for passage to be introduced in the legislature by the council if a majority of the membership of the council votes to introduce such legislation.

(5) **EXPENDITURES.** All expenditures for the council shall be by voucher signed either by the cochairpersons or by the director of the council staff.

(6) **REIMBURSEMENT FOR SPECIAL STUDIES.** At the end of each fiscal year, the general fund shall be reimbursed, from any other state fund, the amounts actually expended by the joint legislative council under s. 20.765 (3) (e) for the cost of making and publishing surveys and analyses of activities and policies related to such funds. The one man-one vote principle is inapplicable to legislative committees since that principle applies only to the exercise of legislative powers and those powers cannot constitutionally be delegated to these committees. There has been no unconstitutional delegation to the joint legislative council. 63 Atty. Gen. 173.

(1) **STUDIES.** Every subject proposed by the legislature for study or investigation during the interim between legislative sessions shall be referred to the council and considered by the appropriate committee of the council. If the council determines that the proposed study or investigation is feasible and is not within a subject already assigned, it shall appoint a committee to conduct such study or investigation. The council, through its committees, may also make such surveys and studies, and compile such data, information and records, on any question, as in its judgment will be beneficial to the general welfare of this state. To this end the council:

(2) **PUBLIC HEARINGS.** The council or any committee thereof when so authorized by the council may hold public hearings at such times and places within the state as are determined, and make such investigations and surveys as are deemed advisable or necessary to accomplish the purposes and intent of this section. Any member of the council or any legislative member of one of its committees may administer oaths to persons testifying before the council or any committee. By subpoena, issued over the signature of its chairperson or acting chairperson and served in the manner in which circuit court subpoenas are served, the council or any committee when authorized by the council, may summon and compel the attendance of witnesses. If any witness subpoenaed to appear before the council, or any committee thereof, refuses to appear or to answer inquiries propounded, the council or committee shall report the facts to the circuit court for Dane County, and that court shall compel obedience to the subpoena by attachment proceedings for contempt as in the case of disobedience of the requirements of a subpoena issued from that court or a refusal to testify therein.

Reports or comments of nonlegislative committees incorporated in the Legislative Reference Bureau analysis under sub. (1) (b) 2. are valid aids in interpreting a statute that originated from the committee. In re Estate of Haese, 80 Wis. 2d 285, 259 N.W.2d 54 (1977).

The duties under s. 13.93 (2) [now sub. (2) (j) to (L)] are mainly ministerial and editorial; the revisor [now the Legislative Reference Bureau] rarely proposes any substantive changes in the law, and if it does, the changes are very minor. Lornson v. Siddiqui, 2007 WI 92, 302 Wis. 2d 519, 735 N.W.2d 55, 05–2315.

The following factors all evidenced that no substantive change was intended by a correction bill amendment: 1) the bill was a correction bill; 2) the bill contained a relating clause mirroring the revisor’s [now the Legislative Reference Bureau] duties under s. 13.93 [now this section]; 3) the section of the bill in question contained a note explaining its purpose was remedial; 4) the bill was passed without amendment; and 5) the bill contained no amendment of or reference to the statute section whose meaning was claimed to be changed. Lornson v. Siddiqui, 2007 WI 92, 302 Wis. 2d 519, 735 N.W.2d 55, 05–2315.

The confidentiality requirement of this section did not create a privilege to refuse to comply with a subpoena duces tecum issued by a John Doe judge. *Legislative Technical Services Bureau Custodian of Records v. State*, 2004 WI 65, 272 Wis. 2d 208, 680 N.W.2d 792, 02–3063.

The requirement that all data stored by Legislative Technical Services Bureau (LTSB) be kept confidential supports an objectively reasonable expectation of privacy by legislators in the data on LTSB computer backup tapes. Therefore the 4th amendment required determining if a subpoena issued by a John Doe judge for backup tape material was overbroad. *Legislative Technical Services Bureau Custodian of Records v.
