### RULE TEXT

SECTION 1. ER 18.01 (6m) is created to read:

ER 18.01 (6m) “Public health emergency” means a public health emergency declared by the Governor under s. 323.10, Stats., ~~a public health emergency declared by the Secretary of Health and Human Services under 42 U.S.C. 247d, or an emergency declared by a governing body of a local unit of government under s. 323.11, Stats.~~

SECTION 2. ER 18.03 (4) (cm) is created to read:

ER 18.03 (4) (cm) If authorized by the administrator, during a public health emergency for temporary care of members of the immediate family, or a child to whom the employee stands in loco parentis as defined under 29 CFR s. 825.122(d)(3), for a limited period of time for a reason that is specifically related to the public health emergency. Such reasons may include when the individual requiring care has been exposed to a contagious disease which requires the individual’s confinement, or when the employee lacks needed child care because schools or other places of care are closed ~~or unavailable~~ as a result of the public health emergency. Use of sick leave for these purposes is limited to the period of time required for confinement, closure, ~~or unavailability~~. Use of sick leave under this paragraph is subject to authorization of the administrator based upon consideration of the nature of the public health emergency and the operational needs of the state. An appointing authority may require documentation to justify the granting of sick leave under this subsection.
