1 **AN ACT to create** 23.33 (1) (im), 23.33 (1) (jd), 23.33 (1) (jg), 23.33 (4) (dm) and
2 23.33 (11) (ar) of the statutes; **relating to:** the operation of all-terrain vehicles
3 on highways for the purpose of certain types of access.

Analysis by the Legislative Reference Bureau

Under current law, a person may not operate an all-terrain vehicle (ATV) on the roadway of a highway, street or road except under certain limited circumstances. This bill specifically authorizes the operation of ATVs on the roadway and shoulder of a portion of a highway, street or road if that portion of the roadway or shoulder lies within the boundaries of a town, city or village that has enacted an ordinance that allows the operation of ATVs for residential access or for access from lodging. The bill defines "residential access" as being the shortest distance necessary for an ATV to go between a residence and an ATV route or ATV trail and defines "access from lodging" as being the shortest distance necessary for an ATV to go between a lodging establishment or campground and an ATV route or ATV trail. A town, city or village may not enact an ordinance for access from lodging unless it has also enacted an ordinance for residential access.
