Analysis by the Legislative Reference Bureau

This bill directs the board of regents of the University of Wisconsin System to ensure that any resident of this state who is a high school graduate and who has been honorably discharged from the U.S. armed forces is admitted as an undergraduate to the center or institution to which he or she applies if he or she applies within 2 years after the discharge. The bill allows the board to require that the student be admitted on a probationary basis for one semester.

Finally, the bill provides that if the board restricts the number of students who may be enrolled at any institution or center, the veterans admitted under the above provision are excluded from that restriction.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.
