2 the school aid distribution schedule.

Analysis by the Legislative Reference Bureau

Under current law, each school district receives 15% of its total aid entitlement in September, 25% in December, 25% in March and 35% in June. Payment is made on the 3rd Monday in September, the first Monday in December and the 4th Mondays in March and June.

Beginning in the 1996-97 school year, this bill increases the percentage paid in September from 15% to 25% and decreases the percentage paid in June from 35% to 25%. The bill also requires that the payments be made on the 3rd Monday in each month.
