

## 1995 SENATE BILL 83

February 23, 1995 - Introduced by Senator BRESKE, cosponsored by Representative HANDRICK. Referred to Committee on Health, Human Services and Aging.

1 **AN ACT relating to:** emergency youth aids and making an appropriation.

---

### *Analysis by the Legislative Reference Bureau*

Under current law relating to community youth and family aids (generally referred to as "youth aids"), the department of health and social services (DHSS) allocates various state and federal funds to counties to pay for state-provided juvenile correctional services and local delinquency-related services. Currently, a certain amount of youth aids funds is allocated specifically for emergencies related to youth aids in counties that have a population of not more than 45,000. This bill directs DHSS to distribute \$300,000 in emergency youth aids funds in fiscal year 1995-96 to a county that has a population of not more than 45,000 and that has wholly or partially within its boundaries a federally recognized Indian reservation to reimburse that county for expenses incurred in 1994 for emergencies related to youth aids.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.
