

1997 SENATE BILL 346

November 12, 1997 - Introduced by Senators BURKE and MOEN, cosponsored by Representative GARD. Referred to Committee on Education.

1 **AN ACT to repeal and recreate** 39.47 (2); and **to create** 39.47 (2g) of the statutes;
2 **relating to:** various changes to the Minnesota-Wisconsin student reciprocity
3 agreement.

Analysis by the Legislative Reference Bureau

Under current law, this state has entered into a student reciprocity agreement with the state of Minnesota with the approval of the joint committee on finance (JCF). The agreement is administered by the higher educational aids board (HEAB). For residents of either state attending public postsecondary institutions in the other state, the agreement provides a nonresident tuition waiver for enrollment in vocational schools and a reciprocal fee structure for enrollment in other higher education institutions. The reciprocal fee is the average academic fee that would be charged the student at a comparable higher education institution in his or her state of residence, except that for Wisconsin residents first enrolled in the University of Minnesota Law School in the 1996-97 academic year or thereafter, the reciprocal fee may be the same fee that a Minnesota resident is charged for enrollment in the University of Minnesota Law School, rather than the average academic fee that would be charged at a comparable law school in this state. The agreement provides for a biennial review of the costs, charges and payments associated with the agreement.

This bill modifies the reciprocal fee structure for enrollment in higher education institutions other than vocational schools. The bill provides that the reciprocal fee for any student may not exceed the higher of the resident tuition that

would be charged the student at the higher education institution in which the student is enrolled or the resident tuition that the student would be charged at comparable higher education institutions in his or her state of residence. The bill requires HEAB and its counterpart in the state of Minnesota to prepare an administrative memorandum prior to each academic year that establishes policies and procedures for implementation of the agreement, including a description of the process to be used in determining the reciprocal fee structure, for the upcoming academic year. Each administrative memorandum is subject to approval by JCF. Finally, the bill eliminates the biennial review of the costs, charges and payments associated with the agreement.

11 institutions of higher education located in his or her state of residence, as specified
