### *Analysis by the Legislative Reference Bureau*

Current law authorizes a county board to establish a special education program for school districts in the county. If a county board does so, the program is run by the county children with disabilities education board.

Under current law, when a program is dissolved by a county board, the assets and liabilities are distributed to the school districts that participated in the program.

This bill provides that, if the special education program operated by the Racine County Children with Disabilities Education Board (RCCDEB) is dissolved, all assets and liabilities will be distributed as provided under current law, except that Racine County will continue to be responsible for paying the costs associated with the postretirement health benefits of, and the unfunded prior service liability incurred under the Wisconsin Retirement System for, former employees of the RCCDEB. The tax for these costs will continue to be levied against the area of Racine County that participated in the program before its dissolution.

For further information see the *local* fiscal estimate, which will be printed as an appendix to this bill.
