2 (e) of the statutes; **relating to:** use of hybrid-electric vehicles by state officers
3 and employees and residents of this state.

Analysis by the Legislative Reference Bureau

Currently, the Department of Administration (DOA) is directed to require state employees to utilize gasohol or alternative fuel for the operation of all state-owned or state-leased motor vehicles whenever such utilization is feasible. DOA is also directed to encourage distribution of gasohol and alternative fuels by officers and employees who use personal motor vehicles on state business and by residents of this state generally. DOA is further directed to annually report to the appropriate legislative standing committees concerning distribution and usage of gasohol and alternative fuels in this state.

This bill directs DOA to require state employees to utilize hybrid-electric vehicles or vehicles that operate on gasohol or alternative fuels for all state-owned or state-leased motor vehicles whenever such utilization is feasible. The bill also requires DOA to encourage use of hybrid-electric vehicles or vehicles that operate on gasohol or alternative fuel by officers or employees of this state who use personal motor vehicles on state business and by residents of this state generally. The bill further directs DOA to annually report to the appropriate legislative standing committees concerning usage of hybrid-electric vehicles and vehicles that operate on gasohol or alternative fuels in this state. The bill defines "hybrid-electric vehicle" to mean a vehicle that has a chemically fueled internal combustion engine which is
