2 46.277 (3) (a), 46.277 (3) (b) 1., 46.277 (3) (b) 2., 46.277 (4) (a), 46.277 (4) (b),

4 (c) of the statutes; **relating to:** provision of home and community-based
5 services under a community integration program to persons relocated from
6 facilities, during the period of the relocation.

Analysis by the Legislative Reference Bureau

Currently, the Department of Health and Family Services (DHFS) administers a Community Integration Program (commonly known as "CIP II"), under which Medical Assistance (MA) moneys are paid to counties to provide home and community-based services, under a waiver of federal Medicaid laws, to elderly and physically disabled persons who meet the level of care requirements for MA-reimbursed nursing home care or are relocated from facilities. DHFS must establish a uniform daily rate for CIP II and reimburse counties up to that rate for each person enrolled in CIP II. DHFS may provide enhanced reimbursement for CIP II services for a person who is relocated to the community from a nursing home by a county after July 26, 2003, if the nursing home bed used by the person is delicensed upon the person's relocation.

This bill authorizes DHFS to provide CIP II funding for home and community-based services to an MA-eligible person who relocates from a facility to

SENATE BILL 54

the community. Reimbursement is not conditioned on delicensure of a nursing home bed upon the person's relocation. The funding begins on the date of the relocation and ends on the date that the person discontinues program participation or no longer meets the level of care requirements for MA reimbursement in a nursing home. Funding in the aggregate for these relocated persons may not exceed the total MA costs for the persons if served in nursing homes. DHFS may provide an enhanced reimbursement rate for the services. The total number of persons who may participate in this particular aspect of CIP II is not restricted by limitations on numbers participating in the remainder of CIP II.
