

2007 ASSEMBLY BILL 418

June 21, 2007 - Introduced by Representatives SCHNEIDER, KESSLER, GRIGSBY and A. WILLIAMS. Referred to Committee on Corrections and Courts.

1 **AN ACT** *to create* 758.20 of the statutes; **relating to:** restricting access to the
2 consolidated court automated programs.

Analysis by the Legislative Reference Bureau

Under current law, the director of state courts has established a consolidated electronic system that contains information about cases filed in the circuit courts in the state, including both civil cases and criminal cases. This system, known as the Consolidated Court Automation Programs ("CCAP") contains a variety of information about the parties to circuit court cases, their attorneys, documents filed with the court, and deadlines, decisions, and outcomes of cases. The information contained on the CCAP system is available in an Internet Web site that presently has no limitations on who can access the information in the system, although information in certain types of cases is not available to the public. The CCAP system allows a person accessing it to search for all cases, civil and criminal, in which a person or entity who is the subject of the search has been a party.

Currently, the initial CCAP Web page displayed in each criminal case and in each traffic and other civil forfeiture case contains a statement that employers may not discriminate against persons because of arrest and conviction records except in certain circumstances. The initial CCAP Web page for each criminal case and in each traffic and other civil forfeiture case that did not result in a conviction also contains a statement that the charges were not proven, have no legal effect, and the defendant in that case is presumed innocent. The initial CCAP Web page for each case in which there was a conviction for a traffic or other civil forfeiture offense, but no criminal conviction, contains a statement that the charge or charges in the case are not criminal offenses.

ASSEMBLY BILL 418

This bill restricts public access to the CCAP system from the Internet while permitting unlimited access to information in the CCAP system to Wisconsin judges or other court officials, law enforcement personnel, attorneys, and accredited journalists, as well as persons who regularly deal with court documents in the course of their job duties. The bill allows limited access to CCAP information for other persons, who must submit to either the clerk of courts or district attorney in the county where the request for CCAP information is filed a written request for information that includes their full name and address, the full name and address of the person or entity subject to the request, the relationship, if any, between the requester and the subject of the request, and the purpose for the request. If the requester shows, subject to the discretion of the clerk of courts or district attorney, a reasonable purpose for the request, the requester will be granted limited access to CCAP for viewing information on the person or entity that is the subject of the request.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:
