Analysis by the Legislative Reference Bureau

Currently, the municipal clerk or board of election commissioners of any municipality may appoint special registration deputies to assist qualified electors in completing their voter registration forms prior to the close of registration at locations other than the office of a municipal clerk or board of election commissioners, the office of the Government Accountability Board, or a polling place. To be effective for a given election, registration forms that are obtained by a special registration deputy must be received by a municipal clerk or board of election commissioners or postmarked no later than the 20th day before the election. Any qualified elector of this state may qualify to serve as a special registration deputy. An individual may be appointed to serve more than one municipality by more than one municipal clerk or board of election commissioners. A deputy may register any qualified elector of the municipality or municipalities for which he or she is appointed. A municipal clerk may revoke the appointment of any individual who serves as a deputy for cause, and no individual whose appointment is revoked is eligible for reappointment.

ASSEMBLY BILL 235

This bill permits a county clerk or board of election commissioners to appoint one or more individuals to serve as a special registration deputy. The bill also permits an individual to be appointed to serve more than one county by more than one county clerk or board of election commissioners. Under the bill, a deputy who is appointed by the clerk or board may register any qualified elector of the county for which he or she is appointed. The bill makes a county clerk or board of election commissioners responsible for the training of any special registration deputies appointed by that clerk or board and permits that clerk or board to delegate responsibility for providing training to certain other county or municipal officials or employees. Under the bill, a municipal clerk retains the ability to appoint special registration deputies for the municipality.

Currently, no person may compensate a person who obtains voter registration forms from other persons at a rate that varies in relation to the number of voter registrations obtained by the person. Violators are guilty of a misdemeanor and may be fined not more than \$1,000 or imprisoned for not more than six months, or both. This bill provides, in addition, that no person who employs an individual to serve as a special registration deputy may require the individual, as a condition of employment, to obtain an express or implied quota of new registrants within a given period.
