### ***Analysis by the Legislative Reference Bureau***

Under current law, with certain exceptions, no person who is at least 12 years of age and who was born on or after January 1, 1988, may operate an all-terrain vehicle (ATV), and no person who is at least 16 years of age and who was born on or after January 1, 1988, may operate a utility terrain vehicle (UTV), unless he or she holds a valid safety certificate issued by the Department of Natural Resources, another state, or a province of Canada that indicates that the person successfully completed a program of instruction on ATV and UTV laws and safety. One of the current law exceptions to this requirement allows a person to operate an ATV or UTV exclusively on land under the management and control of the person's immediate family without a safety certificate. This bill creates additional exceptions to the safety certificate requirement. The bill specifies that a person is not required to have a safety certificate to operate an ATV or UTV on land under the management and control of a person who consents to the operation of an ATV or UTV on his or her land.

**SENATE BILL 32**

The bill provides that, for this exception to apply to a person who is under 12 years of age, the person must be accompanied by his or her parent or guardian or by a person who is over 18 years of age who is designated by the parent or guardian (designated adult).

This bill also exempts from the safety certificate requirement a person who operates an ATV or UTV at a sponsored ATV or UTV demonstration event, provided that the person wears protective headgear, the person operates the ATV or UTV in a closed-course area, and, if the person is under 18 years of age, he or she is accompanied by a parent or guardian or a designated adult.

Current law allows a person to operate an ATV or UTV on the roadway portion of a highway only under certain conditions. Under one of these conditions, current law generally allows a person to operate an ATV or UTV on the extreme right side of a roadway that is designated as an ATV route. Under another condition, current law allows a person to operate an ATV or UTV on a roadway of a highway that is an ATV trail. This bill specifies that a person who is under 16 years of age may operate an ATV on a roadway under either of these two specific conditions only if he or she is accompanied by his or her parent or by another designated adult.

Under current law, no person may operate an ATV or UTV at a speed exceeding ten miles per hour when within 150 feet of a dwelling. Under this bill, this ten mile per hour speed limit also applies when the person is operating an ATV or UTV within 100 feet of another person who is not operating a motor vehicle. Under the bill, the ten mile per hour speed limit does not apply to a person operating an ATV or UTV on a roadway that is designated as an ATV route.
