2           (1) (f) and 77.89 (2) (b); and *to create* 28.11 (8) (a) 2. and 77.89 (2) (c) of the

4           and distribution of amounts paid to municipalities by owners of closed managed  
5           forest lands.

### *Analysis by the Legislative Reference Bureau*

Under the Managed Forest Land Program administered by the Department of Natural Resources (DNR), the owner of a parcel of land designated as managed forest land (MFL) makes an annual acreage share payment that is lower than, and in lieu of, the property taxes that normally would be payable on the land. In exchange, the owner must comply with certain forestry practices. The owner may keep a specific area of the MFL closed to public access, but the owner must keep the remainder of the MFL open for recreational activities such as hunting, fishing, and cross-country skiing. For MFL that is closed to the public, the MFL owner must make a payment that is in addition to the acreage share payment (closed acreage fees).

Under current law, the entire amount that is collected as closed acreage fees is collected by the applicable taxation district and transferred to an applicable county, which in turn transfers the payments to DNR for deposit into the conservation fund. Under this bill, in 2014 only, the taxation district is required to pay 75 percent of the closed acreage fees to DNR. The bill provides that of the remaining 25 percent collected by the taxation district, the taxation district must pay 20 percent to the county.

**SENATE BILL 575**

Current law also requires DNR to pay each town treasurer 30 cents per acre of land in that town that is designated as county forest land. This bill increases those payments to 55 cents per acre beginning with payments made in 2014 for land designated as county forest land as of June 30, 2013.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.
