1     **AN ACT** *to amend* 343.61 (2) (a) 3., 343.61 (2) (am), 343.61 (4) (b) and 343.62 (4)  
2           (b) of the statutes; **relating to:** online instruction provided by driver schools  
3           licensed by the Department of Transportation.

---

***Analysis by the Legislative Reference Bureau***

Under current law, the Department of Transportation (DOT) licenses schools that give instruction, for compensation, in the operation of motor vehicles (driver schools). In an application for a driver school license, the applicant must identify all driver school office and driver school classroom locations. DOT may promulgate rules relating to driver schools and these rules currently include provisions relating to driver school classrooms. By statute, a driver school classroom is a facility that is approved by DOT and used to conduct driver training.

Under this bill, a driver school may provide driver training instruction by means of the Internet instead of, or in addition to, providing instruction at a driver school classroom.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.
