3           supplemental aid for school districts with a large area.

---

***Analysis by the Legislative Reference Bureau***

This bill repeals the administrative rules promulgated by the Department of Public Instruction to administer a supplemental aid program for a school district having 500 or fewer pupils and that is at least 200 square miles and incorporates the repealed provisions into current law. The bill also changes, from enrollment to membership, the terminology used to refer to the number of pupils counted to determine the school district's eligibility to receive the supplemental aid.
