2017 ASSEMBLY BILL 803

December 28, 2017 - Introduced by Representatives KOOYENGA, ALLEN, DUCHOW, SANFELIPPO and WICHGERS, cosponsored by Senator NASS. Referred to Committee on Education.

1 **AN ACT** *to renumber and amend* 121.07 (6) (am); *to amend* 121.07 (6) (a)
2 (intro.); and *to create* 121.07 (6) (am) 1., 2. and 3. and 121.07 (6) (ap) of the
3 statutes; **relating to:** excluding costs funded by referenda from shared costs for
4 the purpose of determining general equalization aids for school districts.

Analysis by the Legislative Reference Bureau

A school district's shared cost is one of the factors used to calculate a school district's equalization aid. Generally, under current law, a school district's shared cost is the sum of the school district's expenditures from its general fund and its debt service fund. Under this bill, expenditures from either a school district's general fund or debt service fund that are authorized by an operating or capital referendum held after the date on which this bill becomes law are excluded from the school district's shared cost if the school district is a negative tertiary school district. A school district is a negative tertiary school district if its equalized valuation exceeds the tertiary guaranteed valuation per member. In other words, under the bill, a negative tertiary school district will not lose equalization aid for operating and capital expenditures that exceed the tertiary guarantee and are funded by referenda approved after this bill becomes law.
