### ***Analysis by the Legislative Reference Bureau***

This bill ratifies and enters Wisconsin into the Enhanced Nurse Licensure Compact (enhanced compact). The enhanced compact replaces the original Nurse Licensure Compact (original compact), which was ratified in Wisconsin in 1999. Under both versions of the compact, a nurse, whether a registered nurse or a licensed practical nurse, who is licensed in a state that has adopted the compact (party state)

**SENATE BILL 417**

may practice in any other party state without needing to separately obtain a license in that other party state. Significant provisions of the enhanced compact, as compared to the original compact, include all of the following:

1. Under the enhanced compact, party states grant multistate nursing licenses, with the compact setting out minimum qualifications that an applicant must satisfy in order to be granted a multistate license, including that an applicant submit to a background investigation. Under the enhanced compact, a multistate license is recognized by each party state as authorizing a nurse to practice, under a multistate licensure privilege, in that party state. The enhanced compact also provides that party states may grant single-state licenses, which authorize practice only within the issuing state. The enhanced compact does not affect the requirements established by a party state for the issuance of a single-state license.

Under the original compact, a license issued by a home state to a resident in that state is simply recognized by each other party state as authorizing a multistate licensure privilege to practice in that party state, with the qualifications for obtaining a license to be determined under each party state's laws.

2. The enhanced compact establishes an Interstate Commission of Nurse Licensure Compact Administrators (commission), which consists of the heads of each party state's board that licenses nurses, or their designees. The commission has various powers and duties granted in the compact, including overseeing the administration of the compact, enforcing the compact, adopting bylaws, promulgating binding rules for the compact, and employing an executive director and employees. Under the original compact, the compact is administered by compact administrators, with the administrator for this state designated as the secretary of safety and professional services or his or her designee.

3. The enhanced compact includes various provisions regarding resolutions of disputes between the commission and party states and between party and nonparty states. The enhanced compact requires the commission to attempt to resolve disputes related to the compact that arise among party states and between party and nonparty states, after which such disputes would be handed through arbitration. Under the original compact, disputes are simply to be handled through arbitration.

4. The enhanced compact includes a process for termination of a party state from the compact that has defaulted in the performance of its obligations under the compact. No such provisions are included in the original compact.

Pursuant to the terms of the enhanced compact, the enhanced compact became effective in party states that have already enacted it on July 20, 2017, which was the date the enhanced compact was signed into law by a 26th state. The enhanced compact may be further amended upon enactment of an amendment by all member states.

The enhanced compact provides that all party states to the enhanced compact that also were parties to the original compact are deemed to have withdrawn from the original compact within six months after the effective date of the enhanced compact.

3. That the expanded mobility of nurses and the use of advanced communication technologies as part of our nation's health care delivery system require greater coordination and cooperation among states in the areas of nurse licensure and regulation.

5. That the current system of duplicative licensure for nurses practicing in multiple states is cumbersome and redundant for both nurses and states.

6. That uniformity of nurse licensure requirements throughout the states promotes public safety and public health benefits.

8 meeting all state practice laws in the state in which the patient is located at the time  
9 care is rendered through the mutual recognition of party state licenses.

10          6. To decrease redundancies in the consideration and issuance of nurse  
11 licenses.

7 more than a minor infraction.

9 immediate threat to public health and safety regardless of whether the nurse has  
10 been notified and had an opportunity to respond.

11 (e) "Encumbrance" means a revocation or suspension of, or any limitation on,

4 licensure privilege to practice in any other party state.

5 (n) "State" means a state, territory, or possession of the United States and the  
6 District of Columbia.

7 (o) "State practice laws" means a party state's laws, rules, and regulations that

12 **(3) ARTICLE III — GENERAL PROVISIONS AND JURISDICTION.** (a) A multistate license  
13 to practice registered or licensed practical/vocational nursing issued by a home state  
14 to a resident in that state will be recognized by each party state as authorizing a  
15 nurse to practice as a registered nurse or as a licensed practical/vocational nurse,  
16 under a multistate licensure privilege, in each party state.

17 (b) A state must implement procedures for considering the criminal history  
18 records of applicants for initial multistate license or licensure by endorsement. Such  
19 procedures shall include the submission of fingerprints or other biometric-based  
20 information by applicants for the purpose of obtaining an applicant's criminal  
21 history record information from the federal bureau of investigation and the agency  
22 responsible for retaining that state's criminal records.

23 (c) Each party state shall require all of the following for an applicant to obtain  
24 or retain a multistate license in the home state:

**SENATE BILL 417****SECTION 26**

1           1. Meets the home state's qualifications for licensure or renewal of licensure,  
2 as well as, all other applicable state laws.

3           2. Satisfies one of the following:

11 board-approved prelicensure education program.

12           3. Has, if a graduate of a foreign prelicensure education program not taught

9 process law, to take adverse action against a nurse's multistate licensure privilege  
10 such as revocation, suspension, probation or any other action that affects a nurse's  
11 authorization to practice under a multistate licensure privilege, including cease and  
12 desist actions. If a party state takes such action, it shall promptly notify the  
13 administrator of the coordinated licensure information system. The administrator  
14 of the coordinated licensure information system shall promptly notify the home state  
15 of any such actions by remote states.

16           (e) A nurse practicing in a party state must comply with the state practice laws  
17 of the state in which the client is located at the time service is provided. The practice  
18 of nursing is not limited to patient care, but shall include all nursing practice as  
19 defined by the state practice laws of the party state in which the client is located.  
20 The practice of nursing in a party state under a multistate licensure privilege will

22 the party state in which the client is located at the time service is provided.

23           (f) Individuals not residing in a party state shall continue to be able to apply

**SENATE BILL 417****SECTION 26**

1 as granting the privilege to practice nursing in any other party state. Nothing in this  
2 compact shall affect the requirements established by a party state for the issuance  
3 of a single-state license.

4 (g) Any nurse holding a home state multistate license, on the effective date of  
5 this compact, may retain and renew the multistate license issued by the nurse's  
6 then-current home state, provided that:

7 1. A nurse, who changes primary state of residence after this compact's effective  
8 date, must meet all applicable requirements under par. (c) to obtain a multistate  
9 license from a new home state.

10 2. A nurse who fails to satisfy the multistate licensure requirements in par. (c)  
11 due to a disqualifying event occurring after this compact's effective date shall be  
12 ineligible to retain or renew a multistate license, and the nurse's multistate license  
13 shall be revoked or deactivated in accordance with applicable rules adopted by the  
14 interstate commission of nurse licensure compact administrators ("commission").

15 (4) ARTICLE IV — APPLICATIONS FOR LICENSURE IN A PARTY STATE. (a) Upon  
16 application for a multistate license, the licensing board in the issuing party state  
17 shall ascertain, through the coordinated licensure information system, whether the  
18 applicant has ever held, or is the holder of, a license issued by any other state,  
19 whether there are any encumbrances on any license or multistate licensure privilege  
20 held by the applicant, whether any adverse action has been taken against any license  
21 or multistate licensure privilege held by the applicant, and whether the applicant is  
22 currently participating in an alternative program.

23 (b) A nurse may hold a multistate license, issued by the home state, in only one  
24 party state at a time.

**SENATE BILL 417**

1 (c) 1. If a nurse changes primary state of residence by moving between 2 party  
2 states, the nurse must apply for licensure in the new home state, and the multistate  
3 license issued by the prior home state will be deactivated in accordance with  
4 applicable rules adopted by the commission.

5 2. The nurse may apply for licensure in advance of a change in primary state  
6 of residence.

7 3. A multistate license shall not be issued by the new home state until the nurse  
8 provides satisfactory evidence of a change in primary state of residence to the new  
9 home state and satisfies all applicable requirements to obtain a multistate license  
10 from the new home state.

11 (d) If a nurse changes primary state of residence by moving from a party state  
12 to a non-party state, the multistate license issued by the prior home state will  
13 convert to a single-state license, valid only in the former home state.

14 **(5) ARTICLE V — ADDITIONAL AUTHORITIES INVESTED IN PARTY STATE LICENSING**  
15 **BOARDS.** (a) In addition to the other powers conferred by state law, a licensing board  
16 shall have the authority to do any of the following:

17 1. Take adverse action against a nurse's multistate licensure privilege to  
18 practice within that party state, subject to all of the following:

19 a. Only the home state shall have the power to take adverse action against a  
20 nurse's license issued by the home state.

21 b. For purposes of taking adverse action, the home state licensing board shall  
22 give the same priority and effect to reported conduct received from a remote state as  
23 it would if such conduct had occurred within the home state. In so doing, the home  
24 state shall apply its own state laws to determine appropriate action.

**SENATE BILL 417****SECTION 26**

1           2. Issue cease and desist orders or impose an encumbrance on a nurse's  
2 authority to practice within that party state.

3           3. Complete any pending investigations of a nurse who changes primary state  
4 of residence during the course of such investigations. The licensing board shall also  
5 have the authority to take appropriate action and shall promptly report the  
6 conclusions of such investigations to the administrator of the coordinated licensure  
7 information system. The administrator of the coordinated licensure information  
8 system shall promptly notify the new home state of any such actions.

9           4. Issue subpoenas for both hearings and investigations that require the  
10 attendance and testimony of witnesses, as well as, the production of evidence.  
11 Subpoenas issued by a licensing board in a party state for the attendance and  
12 testimony of witnesses or the production of evidence from another party state shall  
13 be enforced in the latter state by any court of competent jurisdiction, according to the  
14 practice and procedure of that court applicable to subpoenas issued in proceedings  
15 pending before it. The issuing authority shall pay any witness fees, travel expenses,  
16 mileage, and other fees required by the service statutes of the state in which the  
17 witnesses or evidence are located.

18           5. Obtain and submit, for each nurse licensure applicant, fingerprint or other  
19 biometric-based information to the federal bureau of investigation for criminal  
20 background checks, receive the results of the federal bureau of investigation record  
21 search on criminal background checks, and use the results in making licensure  
22 decisions.

23           6. If otherwise permitted by state law, recover from the affected nurse the costs  
24 of investigations and disposition of cases resulting from any adverse action taken  
25 against that nurse.

**SENATE BILL 417**

1           7. Take adverse action based on the factual findings of the remote state,  
2 provided that the licensing board follows its own procedures for taking such adverse  
3 action.

4           (b) If adverse action is taken by the home state against a nurse's multistate  
5 license, the nurse's multistate licensure privilege to practice in all other party states  
6 shall be deactivated until all encumbrances have been removed from the multistate  
7 license. All home state disciplinary orders that impose adverse action against a  
8 nurse's multistate license shall include a statement that the nurse's multistate  
9 licensure privilege is deactivated in all party states during the pendency of the order.

10           (c) Nothing in this compact shall override a party state's decision that  
11 participation in an alternative program may be used in lieu of adverse action. The  
12 home state licensing board shall deactivate the multistate licensure privilege under  
13 the multistate license of any nurse for the duration of the nurse's participation in an  
14 alternative program.

15           **(6) ARTICLE VI — COORDINATED LICENSURE INFORMATION SYSTEM AND EXCHANGE OF**  
16 **INFORMATION.** (a) All party states shall participate in a coordinated licensure  
17 information system of all licensed registered nurses and licensed  
18 practical/vocational nurses. This system will include information on the licensure  
19 and disciplinary history of each nurse, as submitted by party states, to assist in the  
20 coordination of nurse licensure and enforcement efforts.

21           (b) The commission, in consultation with the administrator of the coordinated  
22 licensure information system, shall formulate necessary and proper procedures for  
23 the identification, collection, and exchange of information under this compact.

24           (c) All licensing boards shall promptly report to the coordinated licensure  
25 information system any adverse action, any current significant investigative

**SENATE BILL 417****SECTION 26**

1 information, denials of applications (with the reasons for such denials), and nurse  
2 participation in alternative programs known to the licensing board regardless of  
3 whether such participation is deemed nonpublic or confidential under state law.

4 (d) Current significant investigative information and participation in  
5 nonpublic or confidential alternative programs shall be transmitted through the  
6 coordinated licensure information system only to party state licensing boards.

7 (e) Notwithstanding any other provision of law, all party state licensing boards  
8 contributing information to the coordinated licensure information system may  
9 designate information that may not be shared with nonparty states or disclosed to  
10 other entities or individuals without the express permission of the contributing  
11 state.

12 (f) Any personally identifiable information obtained from the coordinated  
13 licensure information system by a party state licensing board shall not be shared  
14 with nonparty states or disclosed to other entities or individuals except to the extent  
15 permitted by the laws of the party state contributing the information.

16 (g) Any information contributed to the coordinated licensure information  
17 system that is subsequently required to be expunged by the laws of the party state  
18 contributing that information shall also be expunged from the coordinated licensure  
19 information system.

20 (h) The compact administrator of each party state shall furnish a uniform data  
21 set to the compact administrator of each other party state, which shall include, at a  
22 minimum, all of the following:

- 23 1. Identifying information.
- 24 2. Licensure data.
- 25 3. Information related to alternative program participation.

**SENATE BILL 417**

1           4. Other information that may facilitate the administration of this compact, as  
2 determined by commission rules.

3           (i) The compact administrator of a party state shall provide all investigative  
4 documents and information requested by another party state.

5           **(7) ARTICLE VII — ESTABLISHMENT OF THE INTERSTATE COMMISSION OF NURSE**  
6 **LICENSURE COMPACT ADMINISTRATORS.** (a) 1. The party states hereby create and  
7 establish a joint public entity known as the interstate commission of nurse licensure  
8 compact administrators.

9           2. The commission is an instrumentality of the party states.

10          3. Venue is proper, and judicial proceedings by or against the commission shall  
11 be brought solely and exclusively, in a court of competent jurisdiction where the  
12 principal office of the commission is located. The commission may waive venue and  
13 jurisdictional defenses to the extent it adopts or consents to participate in alternative  
14 dispute resolution proceedings.

15          4. Nothing in this compact shall be construed to be a waiver of sovereign  
16 immunity.

17          (b) Membership, voting, and meetings:

18          1. Each party state shall have and be limited to one administrator. The head  
19 of the state licensing board or designee shall be the administrator of this compact for  
20 each party state. Any administrator may be removed or suspended from office as  
21 provided by the law of the state from which the administrator is appointed. Any  
22 vacancy occurring in the commission shall be filled in accordance with the laws of the  
23 party state in which the vacancy exists.

24          2. Each administrator shall be entitled to one vote with regard to the

2 administrator shall vote in person or by such other means as provided in the bylaws.  
3 The bylaws may provide for an administrator's participation in meetings by  
4 telephone or other means of communication.

5 3. The commission shall meet at least once during each calendar year.  
6 Additional meetings shall be held as set forth in the bylaws or rules of the  
7 commission.

9 be given in the same manner as required under the rule-making provisions in sub.  
10 (8).

11 5. The commission may convene in a closed, nonpublic meeting if the  
12 commission must discuss any of the following:

13 a. Noncompliance of a party state with its obligations under this compact.

4 6. If a meeting, or portion of a meeting, is closed pursuant to this provision, the  
5 commission's legal counsel or designee shall certify that the meeting may be closed  
6 and shall reference each relevant exempting provision. The commission shall keep  
7 minutes that fully and clearly describe all matters discussed in a meeting and shall  
8 provide a full and accurate summary of actions taken, and the reasons therefor,  
9 including a description of the views expressed. All documents considered in  
10 connection with an action shall be identified in such minutes. All minutes and  
11 documents of a closed meeting shall remain under seal, subject to release by a  
12 majority vote of the commission or order of a court of competent jurisdiction.

13 (c) The commission shall, by a majority vote of the administrators, prescribe

5 proxy votes allowed.

7 the election of the officers of the commission.

8 5. Providing reasonable standards and procedures for the establishment of the

10 service or other similar laws of any party state, the bylaws shall exclusively govern  
11 the personnel policies and programs of the commission.

12 6. Providing a mechanism for winding up the operations of the commission and  
13 the equitable disposition of any surplus funds that may exist after the termination  
14 of this compact after the payment or reserving of all of its debts and obligations.

15 (d) The commission shall publish its bylaws and rules, and any amendments  
16 thereto, in a convenient form on the website of the commission.

9           (g) The commission shall publish the place, time, and date of the scheduled  
10 public hearing.

11           1. Hearings shall be conducted in a manner providing each person who wishes  
12 to comment a fair and reasonable opportunity to comment orally or in writing. All  
13 hearings will be recorded, and a copy will be made available upon request.

14           2. Nothing in this subsection shall be construed as requiring a separate hearing  
15 on each rule. Rules may be grouped for the convenience of the commission at  
16 hearings required by this subsection.

17           (h) If no one appears at the public hearing, the commission may proceed with  
18 promulgation of the proposed rule.

19           (i) Following the scheduled hearing date, or by the close of business on the  
20 scheduled hearing date if the hearing was not held, the commission shall consider  
21 all written and oral comments received.

22           (j) The commission shall, by majority vote of all administrators, take final  
23 action on the proposed rule and shall determine the effective date of the rule, if any,  
24 based on the rule-making record and the full text of the rule.

**SENATE BILL 417****SECTION 26**

1           (k) Upon determination that an emergency exists, the commission may  
2 consider and adopt an emergency rule without prior notice, opportunity for  
3 comment, or hearing, provided that the usual rule-making procedures provided in  
4 this compact and in this subsection shall be retroactively applied to the rule as soon  
5 as reasonably possible, in no event later than 90 days after the effective date of the  
6 rule. For the purposes of this provision, an emergency rule is one that must be  
7 adopted immediately in order to do any of the following:

8           1. Meet an imminent threat to public health, safety, or welfare.

9           2. Prevent a loss of commission or party state funds.

10           3. Meet a deadline for the promulgation of an administrative rule that is  
11 required by federal law or rule.

12           (L) The commission may direct revisions to a previously adopted rule or  
13 amendment for purposes of correcting typographical errors, errors in format, errors  
14 in consistency, or grammatical errors. Public notice of any revisions shall be posted  
15 on the website of the commission. The revision shall be subject to challenge by any  
16 person for a period of 30 days after posting. The revision may be challenged only on  
17 grounds that the revision results in a material change to a rule. A challenge shall  
18 be made in writing, and delivered to the commission, prior to the end of the notice  
19 period. If no challenge is made, the revision will take effect without further action.  
20 If the revision is challenged, the revision may not take effect without the approval  
21 of the commission.

22           **(9) ARTICLE IX — OVERSIGHT, DISPUTE RESOLUTION, AND ENFORCEMENT.** (a)

23 *Oversight.* 1. Each party state shall enforce this compact and take all actions  
24 necessary and appropriate to effectuate this compact's purposes and intent.

**SENATE BILL 417**

1           2. The commission shall be entitled to receive service of process in any  
2 proceeding that may affect the powers, responsibilities, or actions of the commission,  
3 and shall have standing to intervene in such a proceeding for all purposes. Failure  
4 to provide service of process in such proceeding to the commission shall render a  
5 judgment or order void as to the commission, this compact, or promulgated rules.

6           (b) *Default, technical assistance, and termination.* 1. If the commission  
7 determines that a party state has defaulted in the performance of its obligations or  
8 responsibilities under this compact or the promulgated rules, the commission shall  
9 do all of the following:

10           a. Provide written notice to the defaulting state and other party states of the  
11 nature of the default, the proposed means of curing the default, or any other action  
12 to be taken by the commission.

13           b. Provide remedial training and specific technical assistance regarding the  
14 default.

15           2. If a state in default fails to cure the default, the defaulting state's  
16 membership in this compact may be terminated upon an affirmative vote of a  
17 majority of the administrators, and all rights, privileges, and benefits conferred by  
18 this compact may be terminated on the effective date of termination. A cure of the  
19 default does not relieve the offending state of obligations or liabilities incurred  
20 during the period of default.

21           3. Termination of membership in this compact shall be imposed only after all  
22 other means of securing compliance have been exhausted. Notice of intent to  
23 suspend or terminate shall be given by the commission to the governor of the  
24 defaulting state and to the executive officer of the defaulting state's licensing board  
25 and each of the party states.

**SENATE BILL 417****SECTION 26**

1           4. A state whose membership in this compact has been terminated is  
2 responsible for all assessments, obligations, and liabilities incurred through the  
3 effective date of termination, including obligations that extend beyond the effective  
4 date of termination.

5           5. The commission shall not bear any costs related to a state that is found to  
6 be in default or whose membership in this compact has been terminated unless  
7 agreed upon in writing between the commission and the defaulting state.

8           6. The defaulting state may appeal the action of the commission by petitioning  
9 the U.S. District Court for the District of Columbia or the federal district in which  
10 the commission has its principal offices. The prevailing party shall be awarded all  
11 costs of such litigation, including reasonable attorneys' fees.

12           (c) *Dispute resolution.* 1. Upon request by a party state, the commission shall  
13 attempt to resolve disputes related to the compact that arise among party states and  
14 between party and nonparty states.

15           2. The commission shall promulgate a rule providing for both mediation and  
16 binding dispute resolution for disputes, as appropriate.

17           3. In the event the commission cannot resolve disputes among party states  
18 arising under this compact, all of the following apply:

19           a. The party states may submit the issues in dispute to an arbitration panel,  
20 which will be comprised of individuals appointed by the compact administrator in  
21 each of the affected party states and an individual mutually agreed upon by the  
22 compact administrators of all the party states involved in the dispute.

23           b. The decision of a majority of the arbitrators shall be final and binding.

24           (d) *Enforcement.* 1. The commission, in the reasonable exercise of its  
25 discretion, shall enforce the provisions and rules of this compact.

**SENATE BILL 417**

1           2. By majority vote, the commission may initiate legal action in the U.S.  
2           District Court for the District of Columbia or the federal district in which the  
3           commission has its principal offices against a party state that is in default to enforce  
4           compliance with the provisions of this compact and its promulgated rules and  
5           bylaws. The relief sought may include both injunctive relief and damages. In the  
6           event judicial enforcement is necessary, the prevailing party shall be awarded all  
7           costs of such litigation, including reasonable attorneys' fees.

8           3. The remedies herein shall not be the exclusive remedies of the commission.  
9           The commission may pursue any other remedies available under federal or state law.

10           **(10)** ARTICLE X — EFFECTIVE DATE, WITHDRAWAL, AND AMENDMENT. (a) This  
11           compact shall become effective and binding on the earlier of the date of legislative  
12           enactment of this compact into law by no less than 26 states or December 31, 2018.  
13           All party states to this compact, that also were parties to the prior nurse licensure  
14           compact, superseded by this compact, (“prior compact”), s. 441.50, 2015 stats., shall  
15           be deemed to have withdrawn from said prior compact within 6 months after the  
16           effective date of this compact.

17           (b) Each party state to this compact shall continue to recognize a nurse’s  
18           multistate licensure privilege to practice in that party state issued under the prior  
19           compact until such party state has withdrawn from the prior compact.

20           (c) Any party state may withdraw from this compact by enacting a statute  
21           repealing the same. A party state’s withdrawal shall not take effect until 6 months  
22           after enactment of the repealing statute.

23           (d) A party state’s withdrawal or termination shall not affect the continuing  
24           requirement of the withdrawing or terminated state’s licensing board to report

**SENATE BILL 417****SECTION 26**

1 adverse actions and significant investigations occurring prior to the effective date of  
2 such withdrawal or termination.

3 (e) Nothing contained in this compact shall be construed to invalidate or  
4 prevent any nurse licensure agreement or other cooperative arrangement between  
5 a party state and a nonparty state that is made in accordance with the other  
6 provisions of this compact.

7 (f) This compact may be amended by the party states. No amendment to this  
8 compact shall become effective and binding upon the party states unless and until  
9 it is enacted into the laws of all party states.

10 (g) Representatives of nonparty states to this compact shall be invited to  
11 participate in the activities of the commission, on a nonvoting basis, prior to the  
12 adoption of this compact by all states.

13 **(11) ARTICLE XI - CONSTRUCTION AND SEVERABILITY.** This compact shall be  
14 liberally construed so as to effectuate the purposes thereof. The provisions of this  
15 compact shall be severable, and if any phrase, clause, sentence, or provision of this  
16 compact is declared to be contrary to the constitution of any party state or of the  
17 United States, or if the applicability thereof to any government, agency, person, or  
18 circumstance is held invalid, the validity of the remainder of this compact and the  
19 applicability thereof to any government, agency, person, or circumstance shall not  
20 be affected thereby. If this compact shall be held to be contrary to the constitution  
21 of any party state, this compact shall remain in full force and effect as to the  
22 remaining party states and in full force and effect as to the party state affected as  
23 to all severable matters.
