1     **AN ACT to amend** 84.06 (2) (a); and **to create** 84.06 (2) (c) of the statutes;  
2     **relating to:** bidding procedures for highway improvements.

---

***Analysis by the Legislative Reference Bureau***

Under current law, highway improvement projects undertaken by the Department of Transportation, with limited exceptions, must be executed by contract based on bids. Under this bill, with an exception, if only one bid from a competent bidder is received for a contract and the bid is in excess of 110 percent of the estimated reasonable value of the work, DOT must reject the bid and readvertise the contract for bids in a manner likely to increase the number of bidders.

For further information see the **state** fiscal estimate, which will be printed as an appendix to this bill.
