2021 ASSEMBLY BILL 543

September 10, 2021 - Introduced by Representatives CABRAL-GUEVARA, MURPHY, SCHRAA, SNODGRASS and TUSLER, cosponsored by Senators ROTH and FEYEN. Referred to Committee on Forestry, Parks and Outdoor Recreation.

1 **AN ACT to create** 30.92 (1) (bp), 30.92 (4) (b) 2. d. and 30.92 (4) (b) 8. e. of the
2 statutes; **relating to:** grants for navigational buoys in the Lake Winnebago
3 pool system.

Analysis by the Legislative Reference Bureau

This bill provides that costs relating to navigational buoys for the Lake Winnebago pool system are eligible for funding under the recreational boating facilities program.

Under current law, the Department of Natural Resources administers the recreational boating facilities program, which provides financial assistance to governmental units and qualified lake associations for the construction and rehabilitation of improvements related to recreational boating facilities, the improvement of locks, and for numerous other eligible projects. In general, DNR may provide up to 50 percent of the costs of a project, though the state share of costs may be increased by the Wisconsin Waterways Commission under certain circumstances.

The bill adds to the list of eligible projects the purchase, placement, maintenance, and removal of navigational buoys within the Lake Winnebago pool system, which is defined as Lake Winnebago, Lake Butte des Morts, Lake Winneconne, Lake Poygan, and portions of the Wolf River and Fox River. The bill provides that DNR may pay, with the approval of the commission, up to 100 percent of the costs for these projects.
