1 **AN ACT to create** 71.07 (8m) and 71.10 (4) (ha) of the statutes; **relating to:** a tax
2 credit for volunteer emergency responders.

Analysis by the Legislative Reference Bureau

This bill creates a nonrefundable income tax credit for volunteer fire fighters, emergency medical responders, and emergency medical services practitioners (responders). The credit is equal to \$100. An individual is eligible to claim the credit if the individual is in good standing with the department for which he or she serves and has served as a responder for at least five years. An individual who has served as a responder in more than one department may combine the time served in those departments when determining whether the five-year threshold is met. Because the credit is nonrefundable, it may be claimed only up to the amount of a taxpayer's tax liability.

For further information see the state fiscal estimate, which will be printed as an appendix to this bill.
