2 (17), 348.01 (2) (d) and 349.235 of the statutes; **relating to:** use of skateboards
3 on roadways.

Analysis by the Legislative Reference Bureau

Under current law, a person may not ride a play vehicle on a roadway except while crossing at a crosswalk. "Play vehicle" is defined as "a coaster, skate board, roller skates, sled, toboggan, unicycle or toy vehicle upon which a person may ride." Under this bill, skateboards are removed from the definition of "play vehicle" and are therefore not subject to the regulations that apply to play vehicles.

Also under current law, a person may not ride in-line skates on a roadway under the jurisdiction of the Department of Transportation, but may ride in-line skates on other roadways subject to any restrictions imposed by the local authority having jurisdiction over the roadway. Under the bill, skateboards are similarly authorized to operate on roadways under the jurisdiction of a local authority subject to restrictions imposed by the local authority.
