Analysis by the Legislative Reference Bureau

This bill is explained in the NOTES provided by the Joint Legislative Council in the bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

JOINT LEGISLATIVE COUNCIL PREFATORY NOTE: This bill was prepared for the Joint Legislative Council's Special Committee on 911 Communications.

This bill would create the state 911 grant program. Under this program, the state 911 council would establish, and the office of justice assistance (OJA) would promulgate by rule, eligibility criteria and purposes for grants to be provided to public safety answering points (PSAPs).

Purposes of these grants may include advanced training of telecommunicators, equipment or software expenses, and incentives for consolidation of PSAPs, but may not include general PSAP overhead or staffing costs or costs for providing emergency services or emergency services equipment.

The state 911 council and OJA are required to establish basic training and service standards that PSAPs must meet to be eligible for a grant, and the OJA's rules are required to include measures to ensure the accountability of grant recipients.
