

CHAPTER 103

AN ACT to create 40.30 (21) of the statutes, relating to school boards contracting for the services of architects and engineers.

The people of the state of Wisconsin, represented in senate and assembly do enact as follows:

40.30 (21) of the statutes is created to read:

40.30 (21) The school board may contract with or employ architects and engineers for preparation of plans and specifications for school buildings, structures and other improvements to school district property and for all other related services.

Approved June 16, 1965.
