(ag) Payment for care provided in a facility under this subsection made under s. 20.435 (1) (b), (o) or (p) shall, except as provided in pars. (bg), (bm) and (br), be determined according to a prospective payment system updated annually by the department. The payment system shall implement standards which are reasonable and adequate to meet the costs which must be incurred by efficiently and economically operated facilities in order to provide care in conformity with this section, with federal regulations authorized under 42 USC 1396a (a) (13) (A), 1396a (a) (30), 1396b (i) (3) and 1396L and with quality and safety standards established under subch. II of ch. 50 and ch. 150. In administering this payment system, the department shall allow costs it determines are necessary and proper for providing patient care. The payment system shall reflect all of the following:

1. A prudent buyer approach to payment for services, under which a reasonable price recognizing selected factors that influence costs is paid for service that is of acceptable quality.

2. Standards established by the department for costs of economically and efficiently operated facilities that shall be based upon allowable costs incurred by facilities in the state as available from information submitted under par. (c) 3 and compiled by the department.

3. For state fiscal year 1987-88, rates that shall be set by the department based on information from cost reports for the 1986 fiscal year of the facility.

4. For state fiscal year 1988-89, rates that shall be based on information from cost reports for the 1987 fiscal year of the facility or upon information from cost reports, adjusted by a percentage rate for inflation determined by the department, for the 1986 fiscal year of the facility.

5. Consideration for special needs of facility residents.

6. Standards for capital payment that will be based upon replacement value of a facility as determined by a commercial estimator with which the department contracts and criteria and limitations as determined by the department.

(bg) In determining payments for a facility under the payment system in par. (ag), the department shall consider all of the following cost centers:

1. Allowable direct care costs, including, if provided, any of the following:
   a. Personal comfort supplies.
   b. Medical supplies.
   c. Transportation by common carrier or as provided by the facility to or from an office, clinic or other medical treatment center to receive medically necessary health treatment or care.

4. Net property tax or allowable municipal service costs incurred by the owner of the facility for the facility.

5. Capital payment necessary for the provision of service over time, including allowable facility expenses for suitable space, furnishings, property insurance and moveable equipment for patient care.
(ar) In determining payments for a facility under par. (ag), the department may establish minimum patient day occupancy standards for determining costs per patient day and shall apply the following methods to calculate amounts payable for the rate year for the cost centers described under par. (am):

1. For direct care costs:
   a. The department shall establish standards for payment of allowable direct care costs that are 110% of the median for direct care costs for facilities that do not primarily serve the developmentally disabled and separate standards for payment of allowable direct care costs that are 110% of the median for direct care costs for facilities primarily serving the developmentally disabled. The standards shall be adjusted by the department for regional labor cost variations. The department may decrease the percentage established for the standards only if amounts available under par. (ag) (intro.) are insufficient to provide total payment under par. (am), less capital costs under subd. 5.
   b. The department shall establish the direct care component of the facility rate for each facility by comparing actual allowable direct care cost information of that facility adjusted for inflation to the standards established under subd. 1. a.
   c. If a facility has an approved program for provision of service to emotionally disturbed or mentally retarded residents, residents dependent upon ventilators, or residents requiring supplemental skilled care due to complex medical conditions, a supplement to the direct care component of the facility rate under subd. 1. b shall be made to that facility according to a method developed by the department.
   d. Beginning July 1, 1986, the department shall include in direct care costs an amount reasonably related to cost for medical transportation under par. (am) 1. c.
   e. For support service costs:
      a. The department shall establish one or more standards for the payment of support service costs that are not less than the median of support service costs for a sample of all facilities within the state.
      b. The department shall establish the support service component of the facility rate for each facility by comparing actual allowable support service cost information of that facility, adjusted for inflation, to the applicable standard established under subd. 2. a.
      c. Payment for administrative and general services shall not exceed a maximum cost amount as determined by the department.
      d. The department may provide an efficiency incentive payment to a facility whose allowable support service costs are less than the standards set forth under subd. 2. a.
   3. For fuel and utility costs:
      a. The department shall establish standards, adjusted for heating degree day variations in the state, for payment of fuel and utility costs that are not less than the median of fuel and utility costs for a sample of all facilities within the state.
      b. The department shall establish the fuel and utility component of the facility rate for each facility by comparing actual allowable fuel and utility cost information of that facility, adjusted for inflation, to the standard established under subd. 3. a.
      c. The department may provide an efficiency incentive payment to a facility whose allowable fuel and heating costs are less than the standard set forth under subd. 3. a.
   4. For net property taxes or municipal services, payment shall be made for those costs that range from the amount of the previous calendar year's tax or the amount of municipal service costs for a period specified by the department to a maximum limit as determined by the department.
      a. The department shall calculate a payment rate for a facility by applying the criteria set forth under pars. (ag) 1 to 5, 7 and 8, (am) 1 to 4 and (ar) 1 to 4 to costs requested for payment by the facility.
      b. The department shall compile an average payment rate for each facility based on that facility's rates for cost centers described under par. (am) 1 to 4 that were in effect on June 30 of the previous year.
      c. The department shall calculate the facility's projected cost per patient day, based on that facility's cost centers under par. (am) 1 to 4, adjusted for inflation, with administrative and general costs limited to a maximum as determined by the department.
   5. Capital payment shall be based on a replacement value for a facility, as determined by a commercial estimator with which the department has contracted for service, and subject to limitations determined by the department, except that the department may not reduce final capital payment of a facility by more than $3.50 per patient day.
   6. For the facilities that are 110% of the median of fuel and utility costs for a period specified by the department to a maximum limit as determined by the department.
lated for the facility under subd. 3 exceeds the pay-
ment rate for the facility under subd. 1 and if subd. 4
does not apply, all of the following shall apply:

a. The department shall develop costs of a facility
that reflect characteristics similar to the facility in
question.

b. If the previous year’s average payment rate
under subd. 2 for the facility is less than the costs
developed under subd. 5. a, the department may grant
for the facility an increase of no more than 2% of the
previous year’s average payment rate under subd. 2
for the facility.

c. If the previous year’s average payment rate under
subd. 2 for the facility exceeds the costs developed
under subd. 5. a, the facility’s payment rate shall be
the facility’s previous year’s average payment rate
under subd. 2.

5m. The rate under subd. 1, 4 or 5. b or c may be
adjusted by the department to reflect funding for
active treatment services.

6. The total payment rate for a facility as calculated
under subd. 1, 4, 5. b or c or 5m shall be the sum of the
rate so calculated, plus capital payment calculated
under pars. (am) 5 and (ar) 5 and payment for ancil-
lar services and materials under par. (b).

(b) The charges for ancillary materials and services
that would be incurred by a prudent buyer may be
included as an adjustment to the rate determined by
par. (av) when so determined by the department. The
department may not authorize any adjustments to the
rate established under par. (av) to pay for a cost over-
run that the department fails to approve under s.
150.11 (3). Ancillary materials and services for which
payment may be made include, if provided, oxygen,
medical transportation and laboratory and X-ray ser-
dices. Payment for these services and materials shall
not exceed medical assistance limitations for reimb-
ursable of the services and materials. For services
in a facility for which the department may make pay-
ment to a service provider other than a facility, the
department may make payment to the facility but not
in excess of the estimated amount of payment avail-
able if a separate service provider provided the service.
The department may promulgate rules setting forth
conditions of and limitations to this paragraph.

(bg) The department shall determine payment
levels for the provision of skilled, intermediate, lim-
ited, personal or residential care or care for the men-
tally retarded in the state centers for the developmen-
tally disabled separately from the pay-
ment principles, applicable costs and methods estab-
lished under this subsection.

(bm) Except as provided in par. (bo), the depart-
ment shall develop payment methods for a facility for
which any of the following apply:

3. Establish, maintain, and periodically update a patient needs evaluation system to be used in determining the need and level of care at a facility, which shall include the social and rehabilitative needs of the patient, provide levels of care to correspond to the actual staff time required to provide such care, and define the contents of the services to be provided.
4. Periodically audit all nursing homes and intermediate care facilities receiving funds under this paragraph, and recover payments made where the home is not meeting the conditions under which the payment was made as specified in par. The department may, upon the presentation of facts, modify a payment if demonstrated substantial inequities exist for the period appealed. Upon review of the department’s decision the secretary may grant the modifications, which may exceed maximum payment levels allowed under this subsection but may not exceed federal maximum reimbursement levels. The department shall develop specific criteria and standards for granting payment modifications, and shall take into account the following, without limitation because of enumeration, in reviewing petitions for modification:

The department may, by rule, require medicare certification under 42 USC 1395 to 1395zz, in whole or in part, of skilled nursing facilities. Any intermediate care facility or skilled nursing facility is subject to a fine of not less than $10 nor more than $100 for each day it refuses to recover costs or refuses to obtain the required certification.
(h) The department may require by rule that all claims for payment of services provided facility residents under this chapter be submitted or countersigned by the respective facility administrator. The Wisconsin basis of property acquired from a decedent shall be determined under the internal revenue code in effect on December 31, 1975, but the value used for property is the value properly includable for Wisconsin inheritance tax purposes instead of the value of property includable for federal estate tax purposes. For purposes of this section Wisconsin net business income or loss shall consist of all the income attributable to the operation of a trade or business in this state, less the business expenses allowed as deductions under s. 71.04 in computing net income. The Wisconsin net business income or loss of corporations engaged in business within and without the state shall be determined under s. 71.07 (2), (3) or (5). Nonapportionable losses having a Wisconsin situs under s. 71.07 (1m) shall be included in Wisconsin net business loss; and nonapportionable income having a Wisconsin situs under s. 71.07 (1m), whether taxable or exempt, shall be included in other items of Wisconsin income and Wisconsin net business income for purposes of this section.

71.07 (1g) PARTNERS. (a) Part-year residents, time of residence. Partners who are residents of this state for less than a full taxable year shall compute taxes for that year on their share of partnership income or loss under this chapter on the part of the taxable year during which they are residents in the following manner:

1. Assign an equal portion of each item of income, loss or deduction to each day of the partnership's taxable year.

2. Multiply each daily portion of those items of income, loss or deduction by a fraction that represents the partner's portion, on that day, of the total partnership interest.

3. Net the items of income, loss or deduction, after the calculation under subd. 2, for all the days during which the partner was a resident of this state.

(b) Part-year residents, nonresidents. 1. General partners who are residents of this state for less than a full taxable year or who are nonresidents shall compute taxes for that year on their share of partnership income or loss under this chapter for the part of the taxable year during which they are nonresidents by recognizing their proportionate share of all items of income, loss or deduction attributable to a business in services performed in, or rental of property in, this state.

2. Limited partners who are precluded from management of the partnership and who may not act for the partnership may not recognize any items of income, loss or deduction of the partnership in computing taxes on their share of partnership income or loss under this chapter for the part of the taxable year during which they are nonresidents of this state.

(c) Disregarding agreements. In computing taxes under this chapter a partner shall disregard all provisions in partnership agreements that do any of the following:

1. Characterize the consideration for payments to the partner as services or the use of capital.

3. Allocate to a partner a greater proportion of a partnership item of loss or deduction from sources in
this state than the partner's proportionate share of total partnership loss or deduction.

4. Determine a partner's distributive share of an item of partnership income, gain, loss or deduction for federal income tax purposes if the principal purpose of that determination is to avoid or evade the tax under this chapter.

SECTION 1278w. 71.07 (2) (intro.) of the statutes is amended to read:

71.07 (2) (intro.) Corporations, nonresident individuals and nonresident estates and trusts engaged in business within and without the state shall be taxed only on such income as is derived from business transacted and property located within the state. The amount of such income attributable to Wisconsin may be determined by an allocation and separate accounting thereof, when the business of such corporation, nonresident individual or nonresident estate or trust within the state is not an integral part of a unitary business, but the department of revenue may permit an allocation and separate accounting in any case in which it is satisfied that the use of such method will properly reflect the income taxable by this state. In all cases in which allocation and separate accounting is not permissible, the determination shall be made in the following manner: for all business businesses except financial organizations and public utilities there shall first be deducted from the total net income of the taxpayer such the part thereof (less related expenses, if any) as follows the situs of the property or the residence of the recipient, except that in the event of income or losses shall be partially excluded from the numerator and denominator of the payroll factor so as to exclude, as near as possible, the portion of pay related to the operation, maintenance, protection and supervision of property used in the production of nonapportionable income.

4. In this paragraph, compensation includes deductible management or service fees paid to a related corporation as consideration for the performance of personal services, and the situs of those fees is in this state if the services fulfill one of the requirements under subd. 2. The recipient of the fees may not include the compensation paid to its employees with respect to personal services in either the numerator or denominator of its payroll factor. Except for management or service fees, payments made to a related corporation, an independent contractor or any person not properly classifiable as an employee are excluded. In this subdivision, "related corporation" means a corporation which is part of a controlled group as defined in section 267 (f) (1) of the internal revenue code.

5. If the company has no employees and pays no management or service fees or the department determines that employees are not a substantial income-producing factor and that the management or service fees paid are insubstantial, the department may order or permit the elimination of the payroll factor and use only the arithmetic average of the other 2 factors to arrive at the Wisconsin apportionment percentage.
SECTION 1278y. 71.07 (2) (e) 3 of the statutes is amended to read:

71.07 (2) (e) 3. Sales, other than sales of tangible personal property, are in this state if the income-producing activity is performed in this state. Services performed in states which do not have jurisdiction to tax the business shall be deemed to have been performed in the state to which compensation is allocated by par. (b) 4.

For purposes of this subsection, all intangible income of tax-option corporations passed through to shareholders is business income that follows the situs of the business.

71.09 (7) (a) 2. "Gross rent" means rental paid at arm's length, solely for the right of occupancy of a homestead, exclusive of charges for any utilities, services, furniture, furnishings or personal property furnished by the landlord as a part of the rental agreement, whether expressly set out in the rental agreement or not. In any case in which the landlord and tenant have not dealt with each other at arm's length and the department is satisfied that the gross rent charged was excessive, the department may adjust such gross rent to a reasonable amount for purposes of this subsection. "Gross rent" includes the space rental paid to a landlord for parking of a mobile home, exclusive of any charges for utilities, services, furniture and furnishings or personal property furnished by the landlord as a part of the space rental. Twenty-five per cent of such annual gross rental plus the monthly parking permit fees paid during the year shall be the annual "property taxes accrued" agreement, plus parking fees paid under s. 66.058 (3) (c) for a rented mobile home. If a homestead is an integral part of a multipurpose or multidwelling building, "gross rent" is the percentage of the gross rent on that part of the multipurpose or multidwelling building occupied by the household as a principal residence plus the same percentage of the gross rent on the land surrounding it, not exceeding one acre, that is reasonably necessary for use of the multipurpose or multidwelling building as a principal residence, except as the limitations under par. If the homestead is part of a farm, "gross rent" is the rent on up to 120 acres of the land contiguous to the claimant's principal residence plus the rent on all improvements to real property on that land, except as the limitations under par. (b) apply. If a claimant and persons who are not members of the claimant's household reside in a homestead, the claimant's "gross rent" is the gross rent paid for the homestead divided by the number of adults residing in the homestead and not related to the claimant as husband or wife.

("Owned" includes a vendee in possession under a land contract and of one or more joint tenants or tenants in common.) It does not include personal property such as furniture, furnishings or appliances, but a mobile home may be a homestead.

"Income" also includes the following amounts that are not included in adjusted gross income: capital gains, gain on the sale of a personal residence excluded under section 121 of the internal revenue code, dividends, contributions to individual retirement accounts under section 219 of the internal revenue code (except rollover contributions), intangible drilling costs, depletion allowances and the amount by which the value of a share of stock at the time a qualified or restricted stock option is exercised exceeds the option price. SECTION 1383. 71.09 (7) (a) 7 of the statutes is amended to read:

71.09 (7) (a) 7. "Real or personal property taxes" means those levied under ch. 70, less the tax credit, if any, afforded in respect of such property by s. 79.10 (3) to (5). If a homestead is owned by 2 or more persons or entities as joint tenants or tenants in common or is owned as marital property or survivorship marital property and one or more such persons or entities or owners is not a member of the claimant's household, property taxes accrued is that part of property taxes levied on such homestead (reduced by the tax credit under s. 79.10 (3) to (5)) as that reflects the ownership percentage of the claimant and the claimant's household. A marital property agreement or unilateral statement under ch. 766 has no effect in computing "property taxes accrued" for a person whose homestead is not the same as the homestead of that person's spouse. For purposes of this paragraph subdivision, property taxes are "levied" when the tax roll is delivered to the local treasurer with the warrant for collection. If a homestead is sold or purchased during the calendar year of the levy, the property taxes accrued for the seller and the buyer shall be the amount of the tax levy prorated to each in the closing agreement pertaining to the sale of the homestead or, if not so provided for in the closing agreement, the tax levy shall be prorated between seller and buyer in proportion to months of their respective ownership, provided that the seller and buyer occupy the homestead during the periods of their respective ownership in proportion to the periods of time each both owned and occupied the homestead during the year to which the claim relates. The seller may use the closing agreement pertaining to the sale of the homestead, the property tax bill for the year before the year to which the claim relates or the prop-
property tax bill for the year to which the claim relates as the basis for computing property taxes accrued, but those taxes are allowable only for the portion of the year during which the seller owned and occupied the sold homestead. If a household owns and occupies 2 or more homesteads in the same calendar year, the property taxes accrued shall be the sum of the prorated property taxes accrued attributable to the household for each of such homesteads. If the household owns and occupies the homestead for part of the calendar year and rents a homestead for part of the calendar year, it may include both the proration of taxes on the homestead owned and "rent constituting property taxes accrued" with respect to the months the homestead is rented, in computing the amount of the claim under pars. (m) and (p).

(h) apply. If the homestead is part of a farm, "property taxes accrued" are the property taxes accrued on up to 120 acres of the land contiguous to the claimant's principal residence and include the property taxes accrued on all improvements to real property located on such land, except as the limitations of par. (h) apply. For claims for 1967 and subsequent years, monthly parking permit fees collected under s. 66.058 (3)(e) shall be considered property taxes.

144.393 (7) USE OF VOLATILE ORGANIC COMPOUND GROWTH ACCOMMODATION. (a) Subject to the conditions and restrictions specified in this subsection, the department shall grant use of the growth accommodation as a means for a stationary source to comply with either sub. (b) Upon application by a source, the department shall certify to the applicant a growth accommodation credit in the amount requested subject to all of the following conditions:

1. The applicant demonstrates to the satisfaction of the department that it is unable, through reasonable means which could include installation of the best available control technology, to eliminate its need for a growth accommodation credit by reducing emissions of volatile organic compounds from any stationary source that it owns or operates in the volatile organic compound accommodation area. If the department determines that an applicant could, through reasonable means, reduce the amount of growth accommodation credit applied for by reducing emissions of volatile organic compounds from any
stationary sources that it owns or operates in the volatile organic compound accommodation area, the department shall certify to the applicant a growth accommodation credit equal to the amount requested by the applicant minus the amount by which the department finds the source could, through reasonable means, reduce emissions from other stationary sources that it owns or operates in the volatile organic compound accommodation area.

2. Except as provided in s. 144.399 (5) (d), the applicant is in compliance or is complying with an approved schedule to be in compliance with ss. 144.30 to 144.426 and 144.96 with respect to all stationary sources that it owns or operates and has paid the fees required under s. 144.399 (5).

3. Except as provided in subd. 8, the growth accommodation reported for the current year under s. 144.40 (2) (b) 1, after reduction by the amount of the proposed growth accommodation credit and any growth accommodation credits issued since the date of the report, is greater than 2,500 tons.

4. If the growth accommodation reported for the current year under s. 144.40 (2) (b) 1, less a reduction by the amount of any growth accommodation credits issued since the date of the report under s. 144.40 (2) (b) 1, is greater than 3,000 tons, the department may certify to the applicant no more than the amount of the growth accommodation reported for the current year under s. 144.40 (2) (b) 1, less the sum of 2,750 tons and any growth accommodation credits issued since the date of the report under s. 144.40 (2) (b).

5. If the growth accommodation reported for the current year under s. 144.40 (2) (b) 1, after reduction by the amount of any growth accommodation credits issued since the date of the report under s. 144.40 (2) (b) 1, is greater than 2,500 tons but less than or equal to 3,000 tons, the department may certify no more than 250 tons to the applicant in that year.

6. The applicant agrees to forfeit any unused growth accommodation credits that the department determines the applicant does not need, as provided under sub. (8).

7. The applicant agrees not to sell or transfer any amount of the growth accommodation credit to any person other than the department.

8. If the growth accommodation reported for the current year under s. 144.40 (2) (b) 1, after reduction by the amount of the proposed growth accommodation credit and any growth accommodation credits issued since the date of the report, would be 2,500 tons or less, the department may certify to the applicant a growth accommodation credit in the amount determined under this section if, because of facility shutdowns or replenishment activities under s. 144.40 that have occurred, the growth accommodation for the next succeeding year after reduction by the amount of the growth accommodation credit will be greater than 2,500 tons.

9. An applicant shall inform the department of the date or dates when it will need to use any given amount of the growth accommodation credit. The department shall certify to the applicant the proper amount of the growth accommodation credit on the date which the applicant states it will need it and shall reserve the proper amount of the growth accommodation credit for certification to the applicant upon the date needed, except for any amount which is forfeited under sub. (8). The department may use reserved growth accommodation credits to certify temporary growth accommodation credits which expire on or before the date when they are certified to the source which reserved them.

10. Upon request by an applicant, the department may certify to the applicant a growth accommodation credit which expires upon a date designated in the permit. The applicant shall sign a statement to acknowledge the expiration date of the permit. Growth accommodation credits issued under this subdivision may be certified from growth accommodation credits reserved by another source under subd. 9.

(e) Nothing in this subsection grants the recipient of a growth accommodation credit a property right to emit volatile organic compounds.

(8) FORFEITURE OF GROWTH ACCOMMODATION CREDITS. Within 4 years after the department certifies, under sub. (7), a growth accommodation credit to an applicant or reserves for the future use of an applicant a growth accommodation credit, and at least every 4 years thereafter, the department shall determine whether the certified or reserved growth accommodation credit is reasonably necessary for the applicant's current use and future plans. If the department determines that any amount of the certified or reserved growth accommodation credit is not reasonably necessary for the applicant's current use and if the applicant cannot demonstrate to the satisfaction of the department that any amount of the certified or reserved growth accommodation credit is reasonably necessary for the applicant's future plans, the applicant shall forfeit an amount of the growth accommodation credit, as determined by the department. The department shall deposit the forfeited amount of the growth accommodation credit in the growth accommodation replenishment.

The department may exempt from a rule under this paragraph one or more categories of architectural coatings, based upon the type of coating or the use to which a coating is put, if it would be technically impractical to prohibit a category of architectural coating. The proposed rules shall include a provision to allow for the limited sale and use of the supplies of prohibited architectural coatings.
mine source categories. The department shall implement the emission limitations based upon ease of implementation, cost-effectiveness and the relative equity of imposing a limitation upon a source category, given any prior limitations of emissions imposed upon that source category. To the extent feasible, the emission limitations shall provide affected sources the opportunity to choose to be subject to either an annual emission limitation or a more restrictive applicable reasonably available control technology rule than was in effect in 1987.

The department shall provide forms for submitting applications under this section.
(2) The department shall review each application it receives for completeness. If the department finds that the application is incomplete, it shall notify the applicant of the information required within 10 working days after receiving the application. The department shall declare the application complete on the date on which both the department and the applicable health systems agency receive all the required information.

The department may not accept for review any incomplete application if it fails to receive the additional information within this 30-day period until it issues another public notice soliciting applications under s. 150.33 (1) or (2) sub. (1). The department shall declare the application complete on the date on which both the department and the applicable health systems agency receive all the required information.

SECTION 1875. 150.35 (2) of the statutes is amended to read:

The health systems agency shall make recommendations on these projects applications within 60 days after the department issues its notice under s. 150.33 (4) or 150.34 (3) declaring all applications complete. The health systems agency shall keep minutes or other record of testimony presented at the public meeting and shall send a copy of this record—plus its recommendations—to the department. SECTION 1876. 150.35 (3) of the statutes is amended to read:

The department may extend by 60 days the review cycle of all projects applications being concurrently reviewed under sub. (2) s. 150.33 (4) or 150.34 (3) is not practicable due to the volume of applications received from any health planning area. The department shall base its initial finding on a comparative analysis of applications, relying on the criteria specified in s. 150.39 and the recommendations received from the health systems agency under sub. (2). The applicant has the burden of proving, by a preponderance of the evidence, that each of the criteria specified in s. 150.39 has been met or does not apply to the project. The department may approve fewer additional nursing home beds than allowed by the statewide bed limit if the cost of adding those beds exceeds the medical assistance allocation for new beds projected in s. 150.31 (1) (e). Unless an adversely affected applicant or health systems agency makes a timely request for a public hearing under sub. (4), the department’s initial finding under this subsection is its final action.

SECTION 1877. 150.35 (3m) of the statutes is created to read:

150.35 (3m) The department may receive any application which was developed under a plan of correction, as defined in s. 50.01 (4r), previously approved by the department and which does not add beds to the current licensed bed capacity of a health planning area, or any application involving a cost overrun submitted under s. 150.11 (3). Subsection (2) does not apply to these applications. The applicable health systems agency shall submit its recommendation on applications submitted under this subsection within 55 days after receipt of a complete application by both the health systems agency and the department. Within 60 days after it receives a completed application, the department shall, according to procedures it promulgates by rule, review the application and issue its initial finding. No public meeting need be held on any project submitted under this subsection. Unless an adversely affected applicant or health systems agency makes a timely request for a public hearing under sub. (4), the department’s initial finding under this subsection is its final decision.

SECTION 1878. 150.35 (4) (a) and (b) (intro.) of the statutes are amended to read:

150.35 (4) (a) Any applicant whose project is rejected or any adversely affected health systems agency may request a public hearing to review the department’s initial finding under sub. (3) or (3m), if the request is submitted in writing within 10 days after the department’s decision. The department shall commence the hearing within 30 days after receiving a timely request, unless all parties consent to an extension of this period.

commissioner shall enter an order adjudicating the
respondent to be the father and appropriate orders for
support and custody. The orders shall be either
personally served on the respondent or mailed by regis-

the respondent. The orders shall take effect 10 days
after service or receipt unless, within that time, the
respondent presents to the court or court commis-
ioner evidence of good cause for failure to appear or
failure to have under gone a blood test.
(b) A default judgment may not be entered under par.
(a) if there is more than one person alleged in the

there is probable cause to believe that he had sexual
intercourse with the mother during a possible time of
the child's conception, or any male witness who testifies or will testify about his sexual relations with the mother at a possible time of conception to submit to blood tests. Probable cause of sexual intercourse during a possible time of conception may be established by a sufficient petition or affidavit of the child's mother filed with the court, or after an examination under oath of a complainant or witness, when the court or family court commissioner determines such an examination is necessary.

(b) The blood tests shall be performed by an expert qualified as an examiner of genetic markers present on blood cells and components, appointed by the court. A report completed and certified by the court-appointed expert stating blood test results and the statistical probability of the alleged father's paternity based upon the blood tests is admissible as evidence without expert testimony and may be entered into the record at the trial or pretrial hearing if, at least 10 days before the trial or pretrial hearing, the party offering the report files it with the court and notifies all other parties of that filing.

Whenever the results of the tests exclude any male witness from possible paternity, the tests shall be conclusive evidence of nonpaternity of the male witness. Testimony relating to sexual intercourse or possible sexual intercourse of the mother with any person excluded as a possible father, as a result of a blood test, is inadmissible as evidence. If any party refuses to submit to the blood test, this fact shall be disclosed to the fact finder. This refusal is a contempt of the court for failure to produce evidence under s. 767.47 (5). If the mother is dead, becomes insane, cannot be found within the jurisdiction or fails to commence or pursue the action, the approving court may discontinue the action. The court may direct, and if requested by either party, if any party refuses to submit to the blood test, the action shall be dismissed.

The first part of the trial shall be by jury, unless the defendant waives the right to trial by jury in writing or by statement in open court, on the record, with the approval of the court and the complainant only if the defendant verbally requests a jury trial either at the initial appearance or pretrial hearing or requests a jury trial in writing prior to the pretrial hearing. The court may direct, and if requested by either party, before the introduction of any testimony in the party's behalf, shall direct the jury, in cases where there is a jury, to find a special verdict as to any of the issues specified in this section except that the court shall make all the findings enumerated in s. 767.51 (2) to (5). If the mother is dead, becomes insane, cannot be found within the jurisdiction or fails to commence or pursue the action, the proceedings do not abate if any of the persons under s. 767.45 (1) makes a motion to continue. The testimony of the mother taken at the pretrial hearing may in any such case be read in evidence if it is competent, relevant and material. The issues of child support, custody and visitation and related issues shall be determined by the court either immediately after the first part of the trial or at a later hearing before the court or a family court commissioner.
