**Ruling of the Chair**

On Thursday, March 17, 1988, the Senator from the 4th, Senator Ulichny, raised the point of order that senate amendment 6 to **Senate Bill 191** was not germane.

Senate amendment 6 as proposed by the Senator from the 20th, Senator Stitt, would substitute the word "individual" for "Human Being" in several locations throughout **Senate Bill 191**.

Section 939.22(16) of the Statutes defines "Human Being" in a specific manner. "Human Being" when used in the homicide sections means "one who has been born alive". The Chair is unable to locate a definition of the word "individual" in the Statutes. Webster's Third New International Dictionary Unabridged defines the word "individual" in several different ways. The definitions range from "as a human being" to "a tournament in contract bridge in which each player changes partners after each round so that one person rather than a pair or team may be determined as winner".

It is the opinion of the Chair that the word "individual" would have to be considered a general term based on the numerous definitions. Therefore, the amendment relates to a general class. The bill relates to a

specific subject "Human Beings" as defined in the statutes.

Therefore, it is the opinion of the Chair that in accordance with Senate Rule 50(7) which reads in part as follows: "A substitute or amendment relating to a specific subject or to a general class is not germane to a bill relating to a different specific subject," the amendment is not germane and the point of order raised by the Senator from the 4th is well taken.
