

Eighty-Eighth Regular Session

WEDNESDAY, June 29, 1988

The chief clerk makes the following entries under the above date.

PETITIONS AND COMMUNICATIONS

State of Wisconsin
Department of Public Instruction

June 23, 1988

To the Honorable the Legislature

Senate Bill 7, effective December 1, 1987, mandated use of safety belts for motor vehicle operators and passengers. Within the legislation a number of motor vehicles were exempt from safety belt usage, such as authorized emergency vehicles operated by enforcement officers, taxicabs, rural letter carriers, land surveying crews, and large school busses (Type I) having a gross weight of more than 10,000 pounds. Small school buses are already equipped with passenger seat belts, and they must be worn. Type I (large) school buses are not equipped with seat belts for passengers.

This legislation directed the Department of Public Instruction to do a study to evaluate the feasibility of installing and using seat belts for passengers in large school buses (Type I). The Department of Public Instruction was directed to report this study to the presiding officer of each house of the legislature by July 1, 1988.

Therefore, I am including two copies of the completed study for your utilization.

Sincerely,
HERBERT J. GROVER
Secretary

State of Wisconsin
Legislative Audit Bureau

June 28, 1988

To the Honorable the Legislature

We have completed a financial audit of the State of Wisconsin Investment Board as required by s. 25.17(51), Wis. Stats., for the period July 1, 1985, through June 30, 1987. The Investment Board's financial schedules, and our opinions as to their fair presentation, have been included in our report to the Legislative Audit Committee. This letter summarizes comments and recommendations to improve Investment Board operations which were not included in our formal audit report. In future audits, the Audit Bureau will determine the extent to which findings in this letter have been resolved.

In addition, at your request, we performed additional audit procedures related to the investment activity for the period July 1, 1987, through September 30, 1987. The objective of the request was to obtain independent comments on the financial operations at the time you assumed responsibility in September, 1987. Although the nature of our extended review was not of the same level performed in order to express an opinion on the financial schedules, nothing came to our attention to indicate any material weaknesses in the system of internal controls during the extended period.

Our auditors found your staff to be helpful and responsive to their requests. We appreciate the courtesy and cooperation extended to us during the audit. Your response to this letter has been attached so that readers may see the intended resolution of the matters discussed in the letter.

Sincerely,
DALE CATTANACH
State Auditor
