

Eighty-Eighth Regular Session

WEDNESDAY, October 19, 1988

The chief clerk makes the following entries under the above date.

PETITIONS AND COMMUNICATIONS

State of Wisconsin
University of Wisconsin System
October 14, 1988

To the Honorable, the Senate:

Wisconsin Act 27, Section 3054(b) requires that the UW System report by October 15, 1988 on the allocation of the additional faculty positions and their relationship to course offerings in high demand fields of study. On behalf of the Board of Regents, in fulfillment of that requirement, the UW System submits the attached report. The Regents have acted on all of these allocations, to date, and the prior reporting requirements. In addition, I am attaching the Report of the Use of the 1987-88 Instructional Positions submitted in March, 1988 to the Joint Committee on Finance. That report provides a comprehensive evaluation of the use of the 100.5 positions received in 1987-88. It should be noted that in March, 1989, the UW System will provide a comprehensive report on the use of the 240.5 positions received in 1988-89. The March, 1989 reporting date was set by the Joint Committee on Finance in recognition that complete detailed discipline and section data on the allocation of the second year positions would not be available in October.

The 100.5 positions released in 1987-88 have allowed the UW System to begin making important instructional quality improvements and provide increased sections and class spaces high demand fields of study. The additional positions released in 1988-89 again have been targeted toward bottleneck and high demand areas of study and will add a significant number of new sections and additional class spaces.

The new positions and the implementation of our enrollment management plan have been extremely effective in reducing the scope of this problem. We are appreciative of your support of these initiatives and will provide you the March, 1989 summary report.
