State of Wisconsin
Department of Administration and

July 16, 1991

To the Honorable the Legislature:

This report is transmitted as required by ss. 20.002(11)(f) of the Wisconsin Statutes, (for distribution to the appropriate standing committees under section 13.172(3) stats.), and confirms that the Department of Administration has found it necessary to exercise the "temporary reallocation of balances" authority provided by this section in order to meet payment responsibilities and cover resulting negative balances during the month of June, 1991.

On June 17, 1991, the General Fund balance was \$-29.3 million. This one day shortfall was due to the regularly scheduled \$617 million School Aid disbursement on June 17th.

On June 28, 1991, the Recycling Fund balance was \$-3.5 million. This shortfall was due to a delayed transfer from the General Fund to the Recycling Fund.

The General Fund, and Recycling Fund shortfalls were not in excess of the \$400 million ceiling and did not exceed the balances of the funds available for interfund borrowing.

The distribution of interest earnings to investment pool participants is based on the average daily balance in the pool and each fund's share. Therefore, the quarterly calculation by State Finance will automatically reflect the use of these temporary reallocations of balance authority.

Sincerely,
JAMES R. KLAUSER
Secretary

Read and referred to the committee on joint Finance.
