PETITIONS AND COMMUNICATIONS

State of Wisconsin

University of Wisconsin System

November 13, 1991

To the Honorable the Legislature:

Pursuant to action taken by the University of Wisconsin System Board of Regents during its regular meeting on November 8, 1991, I am transmitting the Report on Solid Waste Experiment Centers, required under s. 36.25(3m)(e) of the Wisconsin Statutes.

1989 Wisconsin Act 31 created section 36.25(3m)(b) of the statutes which provides that:

"The board may establish one or more solid waste experiment centers for the purpose of developing, demonstrating, promoting and assessing the costs and environmental effects of alternatives to solid waste disposal. The Board shall determine the location of the solid waste experiment centers. In making the determination, the board shall consider the solid waste disposal needs of the various regions of the state. The Board may establish, through cooperative agreements, solid waste experiment centers at existing publicly owned

or privately owned storage, treatment or disposal facilities.”

Section 35.25 (3m)(e) provides that:

“Annually, the board shall submit a report to the chief clerk of each house of the legislature for distribution to the appropriate standing committees under s. 13,172 (3) on all activities undertaken under this subsection.”

The first annual report, transmitted on November 23, 1990, showed that the Board: (1) designated the College of Natural Resources at the University of Wisconsin-Stevens Point as the site of the first solid waste experimental center in the System, (2) appointed the ten-member Solid Waste Research Council as mandated by 1989 Wisconsin Act 335 and (3) assigned the Council responsibility for recommending how the \$250,000 of research money, appropriated in section 88m of Act 335, would be spent.

This second report shows that, at the December 1990 meeting, nine research projects were approved for funding. At that meeting, the Board also adopted a resolution delegating authority to the System President to make future appointments to the Council and to conduct research under 36.25(3m)(c). There have been three subsequent solicitations of research proposals, with 46 proposals received from nine System campuses. On April 24, May 30 and August 27, 1991 the System President granted approval to fund twelve additional projects. Also, an allocation of \$15,000 was approved to provide funding to cover administration costs for research activities at the Portage Co-Composting site. These approvals have resulted in allocation of all available funding through June 1992.

If there are any questions relating to this Report, please feel free to contact me or Vice President Paul L. Brown. Mr. Brown can be reached at (608) 262-6132.

Sincerely,
Katharine C. Lyall
Acting President

State of Wisconsin
Department of Health and Social Services
November 13, 1991

To the Honorable the Legislature:

1989 Wisconsin Act 108 revised the statute that provides exemptions from civil liability for death or injury caused by food donations (s.895.51, the “Good Samaritan” law). The revisions were meant to encourage food donation by food merchants. Non-statutory provisions of Act 108 directed the Department of Health and Social Services to study the extent to which food is donated or sold, the effect of the statutory revisions on food donation, and the extent to which any death or injury has resulted from the donation of food. The Department was required to submit a report by January 1, 1992 to each house of the legislature.

The attached report is submitted to fulfill this requirement. The report identifies the lack of familiarity with the Good Samaritan law and the revisions made by 1989 Act 108 as factors that limit the possible impact of the law on food donation. The report indicates that most food merchants and food distributors believe that the type of changes made in the law should result in increased food donations but that the language used in the Good Samaritan law has proved difficult to understand. The report also identifies some deterrents and incentives to food donation. The report found no indication that any cases of illness or death were related to the liberalization of the Good Samaritan law.

Sincerely,
Gerald Whitburn, Secretary
State of Wisconsin

To the Honorable the Legislature:

I am pleased to transmit to you the following report to the 1991 Legislature on legislation introduced by the Legislative Council:

RL 91-12 -- Legislation on Homelessness (1991 Assembly Bill 680)

RL 91-13 -- Legislation on Adolescent Pregnancy Prevention (1991 Senate Bill 324 and Assembly Bill 630)

RL 91-14 -- Legislation on Fair Housing and Community Living Arrangements (1991 Assembly Bill 684 and 685)

I would appreciate your including this letter in the Journal for the information of the membership. Additional copies of this report are available, on request, in the Legislative Council offices, One East Main, Suite 401.

Sincerely,
Dave Stute

To the Honorable the Senate:

I am writing to request that my name be removed as the main Senate sponsor to Senate Bill 219 because of certain personal time constraints.

My request has nothing to do with the mechanics of the bill. I feel that it is an important piece of legislation to a number of cities state wide because their economies are in need of more development. They are and can lose development opportunities to outlying areas without the power of condemnation.

If you should have any questions or problems, please do not hesitate to call my office.

EXECUTIVE COMMUNICATIONS

State of Wisconsin
Office of the Governor
November 12, 1991

To the Honorable, the Senate:

This letter transmits my recommended Stripper XI Oil Overcharge Plan (attached). As required by Wisconsin Statute 14.065, I am also transmitting a copy of my recommended plan to the Co-Chairs of the Joint Committee on Finance for their consideration at their next s. 13.10 meeting.

This plan allocates \$1,961,818.74 plus interest of Stripper XI oil overcharge monies received from the U.S. Department of Energy. These monies must be used on energy programs pursuant to the court order to provide restitution to Wisconsin citizens. Limited administrative costs are allowed. The U.S. Department of Energy and the Court will review Wisconsin's plan to determine if it is in conformance with their definition of restitution.

Respectfully,
Tommy Thompson
Governor
