State of Wisconsin
Department of Public Instruction

June 30, 1992

To the Honorable the Legislature:

A Wisconsin Act 122 of 1989 made funds available to the Department of Public Instruction (D.P.I.) to enable and encourage public schools to develop comprehensive programs to prevent or ameliorate alcohol and other drug abuse (AODA) among minors. The Act created, or expanded, funding for seven grant programs.

The Department was required to collect and analyze information about the programs funded through the Act and to evaluate their effectiveness. The enclosed preliminary report provides an overview of the grants administered by the department, as well as models of comprehensive school-based AODA programs and the research that supports them as effective prevention or intervention strategies. This report is being submitted as an interim report as many grant funded projects were not completed until June 30th and therefore complete and accurate information about those projects could not be provided at this time. A final report inclusive of data analysis, summary, and recommendations regarding these grants will be submitted by September 1, 1992. This preliminary report also provides a foundation for

the reader upon which to critically examine the findings of the final report.

Please contact me or my staff should you have any questions.

Sincerely,
Herbert J. Grover
State Superintendent
State of Wisconsin
Board of Vocational, Technical,
and Adult Education
