(7) (b), but that is, in the estimation of the department, county department, school board or entity, substantially related to the care of a client.

(6) (a) The department shall require any person who applies for issuance or continuation of a license to operate an entity, a county department shall require any day care provider who applies for initial certification under s. 48.651 or for renewal of that certification and a school board shall require any person who proposes to contract with the school board under s. 120.13 (14) or to renew a contract under that subsection, to complete a background information form that is provided by the department.

The definition may also include other crimes or acts that do not involve abuse or neglect of a client but that are substantially related to the care of a client for which no person who committed any of those crimes or acts may be permitted to demonstrate under sub. (5) that he or she has been rehabilitated.

(b) Establish by rule a list of crimes or acts that are not included in the definition established under par. (a), that are substantially related to the care of clients and the commission of which warrants a less stringent measure than a bar on employment, residence or similar type of association with an entity. The rule shall be consistent with federal law and regulations and shall include a description of the measures to be taken for the crimes or acts that the department lists under this paragraph.
(c) Conduct throughout the state periodic training sessions that cover criminal background investigations; reporting and investigating misappropriation of property or abuse or neglect of a client; and any other material that will better enable entities to comply with the requirements of this section.

(d) Provide a background information form that requires the person completing the form to include his or her date of birth on the form.

(8) The department, a county department or a school board may charge a fee for obtaining the information required under sub. (2) (am) or (3) (a). The fee may not exceed the reasonable cost of obtaining the information. No fee may be charged to a nurse’s assistant, as defined in s. 146.40 (1) (d), for obtaining or maintaining information if to do so would be inconsistent with federal law.

The determination shall be based on a preponderance of the evidence produced by the investigation. A determination that abuse or neglect has occurred may not be based solely on the fact that the child’s parent, guardian or legal custodian in good faith selects and relies on prayer or other religious means for treatment of disease or for remedial care of the child. In making a determination that emotional damage has occurred, the county department or, in a county having a population of 500,000 or more, the department or a licensed child welfare agency under contract with the department shall give due regard to the culture of the subjects and shall establish that the person alleged to be responsible for the emotional damage is neglecting, refusing or unable for reasons other than poverty to remedy the harm. A county department or licensed child welfare agency that receives a written request under this subdivision shall, within 60 days after it receives the report or 20 days after it receives the written request, whichever is later,
inform the reporter in writing of what action, if any, was taken to protect the health and welfare of the child, unless a court order prohibits that disclosure, and of the duty to keep the information confidential under sub. (7) (e) and the penalties for failing to do so under sub. (7) (f). The county department or licensed child welfare agency may petition the court ex parte for an order prohibiting that disclosure and, if the county department or licensed child welfare agency does so, the time period within which the information must be disclosed is tolled on the date the petition is filed and remains tolled until the court issues a decision. The court may hold an ex parte hearing in camera and shall issue an order granting the petition if the court determines that disclosure of the information would not be in the best interests of the child.

Using the format prescribed by the department, each county department shall provide the department with information about each report that it receives or that is received by a licensed child welfare agency that is under contract with the county department and about each investigation it conducts. 66.119 (1) (b) 7. d. That if the alleged violator does not make a cash deposit and does not appear in court at the time specified, the court may issue a summons or a warrant for the defendant’s arrest or consider the nonappearance to be a plea of no contest and enter judgment under sub. (3) (d), or the municipality may commence an action against the alleged violator to collect the forfeiture, the penalty assessment imposed by s. 165.87, the jail assessment imposed by s. 302.46 (1), the crime laboratories and drug law enforcement assessment imposed by s. 165.755 and any applicable domestic abuse assessment imposed by s. 973.055 (1).

If a person makes a cash deposit, the person may nevertheless appear in court at the time specified in the citation, provided that the cash deposit may be retained for application against any forfeiture, restitution, penalty assessment, jail assessment, crime laboratories and drug law enforcement assessment or domestic abuse assessment that may be imposed.

SECTION 2205. 66.119 (3) (b) of the statutes is amended to read:

66.119 (3) (b) If a person appears in court in response to a citation, the citation may be used as the initial pleading, unless the court directs that a formal complaint be made, and the appearance confers personal jurisdiction over the person. The person may plead guilty, no contest or not guilty. If the person pleads guilty or no contest, the court shall accept the plea, enter a judgment of guilty and impose a forfeiture, the penalty assessment imposed by s. 165.87, the jail assessment imposed by s. 302.46 (1), the crime laboratories and drug law enforcement assessment imposed by s. 165.755 and any applicable domestic abuse assessment imposed by s. 973.055 (1).

The court may either accept the plea of no contest and enter judgment accordingly or reject the plea. If the court finds the violation meets the conditions in s. 800.093 (1), the court may summon the alleged violator into court to determine if restitution shall be ordered under s. 800.093. If the court accepts the plea of no contest, the defendant may move within 10 days after the date set for the appearance to withdraw the plea of no contest, open the judgment and enter a plea of not guilty if the defendant shows to the satisfaction of the court that the failure to appear was due to mistake, inadvertence, surprise or excusable neglect. If the plea of no contest is accepted and not subsequently changed to a plea of not guilty, no costs or fees may be taxed against the violator, but a penalty assessment, a jail assessment, a crime laboratories and drug law enforcement assessment and, if applicable, a domestic abuse assessment shall be assessed. If the court rejects the plea of no contest, an action for collection of the forfeiture, penalty assessment, jail assessment, crime laboratories and drug law enforcement assessment and any applicable domestic abuse assessment may be commenced.

A city, village, town sanitary district or public inland lake protection and rehabilitation district may commence action under s. 66.12 (1) and a county or town may commence action under s. 778.10. The citation may be used as the complaint in the action for the collection of the forfeiture, penalty assessment, jail assessment, crime laboratories and drug law enforcement assessment and any applicable domestic abuse assessment. If the court considers the nonappearance to be a plea of no contest and enters judgment accordingly, the court shall promptly mail a copy or notice of the judgment to the defendant. The judgment shall allow the defendant not less than 20 days from the date of the judgment to pay any forfeiture, penalty assessment, jail assessment, crime laboratories and drug law enforcement assessment and any applicable domestic abuse assessment imposed. If the defendant moves to open the judgment within 6 months after the court appearance date fixed in the citation, and shows to the satisfaction of the court that the failure to appear was due to mistake, inadvertence, surprise or excusable neglect, the court shall reopen the judgment, accept a not guilty plea and set a trial date.

(a) “Chief executive officer” means the mayor or city manager of a city, the village president of a village, the town board chairperson of a town or the county executive of a county or, if the county does not have a county executive, the chairperson of the county board of supervisors.

(b) “Department” means the department of revenue.

(c) “Eligible costs” means capital costs, financing costs and administrative and professional service costs for the investigation, removal, containment or monitoring of, or the restoration of soil or groundwater affected by, environmental pollution, including monitoring costs incurred within 2 years after the date on which the department of natural resources certifies that environmental pollution on the property has been remediated, except that for any parcel of land “eligible costs” shall be reduced by any amounts received from persons responsible for the discharge, as defined in s. 292.01 (3), of a hazardous substance on the property to pay for the costs of remediating environmental pollution on the property and the amount of net gain from the sale of the property by the political subdivision.

(d) “Environmental pollution” has the meaning given in s. 292.01 (4), except that “environmental pollution” does not include any damage caused by runoff from land under agricultural use.

(e) “Environmental remediation tax increment” means that amount obtained by multiplying the total city, county, school and other local general property taxes levied on a parcel of real property that is certified under this section in a year by a fraction having as a numerator the environmental remediation value increment for that year for that parcel and as a denominator that year’s equalized value of that parcel. In any year, an environmental remediation tax increment is “positive” if the environmental remediation value increment is positive; it is “negative” if the environmental remediation value increment is negative.

(f) “Environmental remediation tax incremental base” means the aggregate value, as equalized by the department, of a parcel of real property that is certified under this section as of the January 1 preceding the date on which the department of natural resources issues a certificate certifying that environmental pollution on the property has been remediated in accordance with rules promulgated by the department of natural resources.

(g) “Environmental remediation value increment” means the equalized value of a parcel of real property that is certified under this section minus the environmental remediation tax incremental base. In any year, the environmental remediation value increment is “positive” if the environmental remediation tax incremental base of the parcel of property is less than the aggregate value of the parcel of property as equalized by the department; it is “negative” if that base exceeds that aggregate value.

(h) “Hazardous substance” has the meaning given in s. 292.01 (5).

(i) “Period of certification” means a period of not more than 16 years beginning after the department certifies the environmental remediation tax incremental base of a parcel of property under sub. (4) or a period before all eligible costs have been paid, whichever occurs first.

(j) “Political subdivision” means a city, village, town or county.

(k) “Taxable property” means all real and personal taxable property.

(2) USE OF ENVIRONMENTAL REMEDIATION TAX INCREMENTS. A political subdivision that develops, and whose governing body approves, a written proposal to remediate environmental pollution on property owned by the political subdivision may use an environmental remediation tax increment to pay the eligible costs of remediating environmental pollution on property that is not part of a tax incremental district created under s. 66.46 and that is owned by the political subdivision at the time of the remediation and then transferred to another person after the property is remediated, as provided in this section. No political subdivision may submit an application to the department under sub. (4) until the joint review board approves the political subdivision’s written proposal under sub. (3).
(3) **Joint Review Board.** (a) Any political subdivision that seeks to use an environmental remediation tax increment under sub. (2) shall convene a joint review board to review the proposal. The board shall consist of one representative chosen by the school district that has power to levy taxes on the property that is remediated, one representative chosen by the technical college district that has power to levy taxes on the property, one representative chosen by the county that has power to levy taxes on the property that is remediated, one representative chosen by the political subdivision and one public member. If more than one school district, more than one technical college district or more than one county has the power to levy taxes on the property that is remediated, the unit in which is located property that has the greatest value shall choose that representative to the board. The public member and the board’s chairperson shall be selected by a majority of the other board members at the board’s first meeting. All board members shall be appointed and the first board meeting held within 14 days after the political subdivision’s governing body approves the written proposal under sub. (2). Additional meetings of the board shall be held upon the call of any member. The political subdivision that seeks to act under sub. (2) shall provide administrative support for the board. By majority vote, the board may disband following approval or rejection of the proposal.

(b) 1. The board shall review the written proposal and the statement described under sub. (4) (a). As part of its deliberations the board may hold additional hearings on the proposal.

2. No written application may be submitted under sub. (4) unless the board approves the written proposal under sub. (2) by a majority vote not less than 10 days nor more than 30 days after receiving the proposal.

3. The board shall submit its decision to the political subdivision no later than 7 days after the board acts on and reviews the written proposal.

(c) 1. The board shall base its decision to approve or deny a proposal on the following criteria:

a. Whether the development expected in the remediated property would occur without the use of environmental remediation tax incremental financing.

b. Whether the economic benefits of the remediated property, as measured by increased employment, business and personal income and property value, are insufficient to compensate for the cost of the improvements.

c. Whether the benefits of the proposal outweigh the anticipated environmental remediation tax increments to be paid by the owners of property in the overlying taxing districts.

2. The board shall issue a written explanation describing why any proposal it rejects fails to meet one or more of the criteria specified in subd. 1.

(d) If a joint review board convened by a city or village under s. 66.46 (4m) is in existence when a city or village seeks to act under this section, the city or village may require the joint review board convened under s. 66.46 (4m) to exercise the functions of a joint review board that could be convened under this subsection.

(4) **Certification.** Upon written application to the department of revenue by the clerk of a political subdivision on or before April 1 of the year following the year in which the certification described in par. (a) is received from the department of natural resources, the department of revenue shall certify to the clerk of the political subdivision the environmental remediation tax incremental base of a parcel of real property if all of the following apply:

(a) The political subdivision submits a statement that it has incurred eligible costs with respect to the parcel of property and the statement details the purpose and amount of the expenditures and includes a dated certificate issued by the department of natural resources that certifies that environmental pollution on the parcel of property has been remediated in accordance with rules promulgated by the department of natural resources.

(b) The political subdivision submits a statement that all taxing jurisdictions with the authority to levy general property taxes on the parcel of property have been notified that the political subdivision intends to recover the costs of remediating environmental pollution on the parcel of property and have been provided a statement of the estimated costs to be recovered.

(c) The political subdivision submits a statement, signed by its chief executive officer, that the political subdivision has attempted to recover the cost of remediating environmental pollution on the property from responsible parties.

(d) The political subdivision completes and submits all forms required by the department that relate to the determination of the environmental remediation tax incremental base.

(5) **Designation on Assessment and Tax Rolls.** The assessor of a taxation district shall identify on the assessment roll returned and examined under s. 70.45 those parcels of property that have been certified under sub. (4) during the period of certification. The clerk of a taxation district shall make a similar notation on the tax roll under s. 70.65.

(6) **Notice to Taxing Jurisdictions.** During the period of certification, the department shall annually give notice to the designated finance officer of all taxing jurisdictions having the power to levy general taxes on property that is certified under sub. (4) of the equalized value of that property and the environmental remediation tax incremental base of that property. The notice shall explain that the environmental remediation tax increment shall be paid to the political subdivision as provided under sub. (8) from the taxes collected.

(7) **Environmental Remediation Tax Increments Authorized.** (a) Subject to pars. (b) and (c), the depart-
1997 Assembly Bill 100

ment shall annually authorize the positive environmental remediation tax increment with respect to a parcel of property during the period of certification to the political subdivision that incurred the costs to remediate environmental pollution on the property, except that an authorization granted under this paragraph does not apply after the department receives the notice described under sub. (10) (b).

(b) The department may authorize a positive environmental remediation tax increment under par. (a) only if the political subdivision submits to the department all information required by the department on or before the 2nd Monday in June of the year to which the authorization relates.

(c) If the department receives the notice described under sub. (10) (b) during the period from January 1 to May 15, the effective date of the notice is the date on which the notice is received. If the department receives the notice described under sub. (10) (b) during the period from May 16 to December 31, the effective date of the notice is the first January 1 after the date on which the notice is received.

(8) Settlement for environmental remediation tax increments. Every officer charged by law to collect and settle general property taxes shall, on the settlement dates provided by law, pay to the treasurer of a political subdivision from all general property taxes collected by the officer the proportion of the environmental remediation tax increment due the political subdivision that the general property taxes collected bears to the total general property taxes levied, exclusive of levies for state trust fund loans, state taxes and state special charges.

(9) Separate accounting required. An environmental remediation tax increment received with respect to a parcel of land that is subject to this section shall be deposited in a separate fund by the treasurer of the political subdivision. No money may be paid out of the fund except to pay eligible costs for a parcel of land, to reimburse the political subdivision for such costs or to satisfy claims of holders of bonds or notes issued to pay eligible costs. If an environmental remediation tax increment that has been collected with respect to a parcel of land remains in the fund after the period of certification has expired, it shall be paid to the treasurers of the taxing jurisdictions in which the parcel is located in proportion to the relative share of those taxing jurisdictions in the most recent levy of general property taxes on the parcel.

(10) Reporting requirements. A political subdivision that uses an environmental remediation tax increment to pay eligible costs of remediating environmental pollution under this section shall do all of the following:

(a) Prepare and make available to the public updated annual reports describing the status of all projects to remediate environmental pollution funded under this section, including revenues and expenditures. A copy of the report shall be sent to all taxing jurisdictions with authority to levy general property taxes on the parcel of property by May 1 annually.

(b) Notify the department within 10 days after the period of certification for a parcel of property has expired.

Section 2217. 66.521 (9) of the statutes is amended to read:
