**Senate Committee on Health, Human Services, Aging  
Corrections, Veterans and Military Affairs**

**Budget Recommendation**

Paper Ballot

**P. 281, Item 9**

**Governor:** Delete \$500,000 to reflect the elimination of the primary health services grants program. Under the program, DHFS provides grants to local public health departments for primary health care services, including case management and preventative health and dental services.

**Senators Moen, Moore and Wirch:** A January 11, 1996 audit by the Legislative Audit Bureau shows the following: 1) over half the projects funded are intended to serve those who would not otherwise receive services; 2) a majority of the 78 projects funded provided services to women and children; and 3) 26 of the 31 of the local health departments included in the audit said that if the grant program ended, they would be unable to use local funding to provide the same services.

**Motion:** Maintain current law.

**Aye**

**No**
