1     **AN ACT to create** 196.633 of the statutes; **relating to:** prohibiting  
2           telecommunications providers from using social security numbers of customers  
3           for purposes related to providing telecommunications services and providing a  
4           penalty.

---

### *Analysis by the Legislative Reference Bureau*

This bill prohibits a telecommunications provider, including a person who provides cable television service, from requiring a customer to provide his or her social security number to the telecommunications provider for any purpose that is related to providing telecommunications services to the customer. The bill also prohibits a telecommunications provider from using a customer's social security number for the same purpose. In addition, the bill allows the public service commission, on its own motion or the filing of a complaint by any person, to commence an action in court to enforce the bill's prohibitions. A telecommunications provider that violates the bill's prohibitions is subject to a forfeiture of between \$25 and \$5,000.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.
