= consent required for
admission to non-certified facility

Gordon,

Please draft the following amendments to LRBa719/1. I am Amendments need to be submitted 24 hours prior to Thursday's Children & Families Committee meeting (9:00 am)

1. When the minor age 14 or older does not consent to inpatient AODA treatment, inpatient treatment is restricted to a state-certified inpatient juvenile AODA treatment facility.
2. Every effort will be made to perform department-approved AODA assessment screen prior to admitting a minor for inpatient AODA treatment. (This is not meant as a mandatory requirement, only an indication of policy intent, since there is no way to require participation in the screening tool. Chapter 48 requires a multidisciplinary screen as part of the intake process for placement of children. The AODA treatment placements contemplated by LRBa719/1 don't fall into the same category.)

Does current law that allows a minor to petition the court for a review of placement/treatment apply to private-pay or only to services paid wholly or in part by public funds?
