

DRAFTER'S NOTE
FROM THE
LEGISLATIVE REFERENCE BUREAU

LRB-4463/2dn
RAC:jlg:km

February 10, 2000

Per your request, this bill provides that any surpluses in the general fund that remain at the close of each fiscal year during the 1999-2001 biennium are transferred to the budget stabilization fund. Because this bill requires the legislative fiscal bureau to make certain estimates by certain dates, you may wish to have the legislative fiscal bureau review the bill for technical issues. If you have any questions, please call me.
