1     **AN ACT** *to amend* 118.40 (3) (b) and 118.40 (7) (am) 1.; and *to create* 118.40 (2g)  
 2             and 118.40 (7) (am) 1m. of the statutes; **relating to:** school board contracts with  
 3             University of Wisconsin System institutions and technical college district  
 4             boards to operate charter schools.

### ***Analysis by the Legislative Reference Bureau***

Current law authorizes a school board, on its own initiative, to contract with any person to operate a school as a charter school. A charter school is exempt from numerous statutory requirements that apply to public schools.

This bill provides that if a University of Wisconsin System institution or a technical college district board requests a school board to contract with the institution or district board to operate a charter school, the school board must hold a public hearing on the request within 30 days of receiving the request. The bill also provides that whenever a school board contracts with a University of Wisconsin institution or a technical college district board to operate a charter school, the charter school is not an instrumentality of the school district and the school board may not employ any personnel for the charter school.
