7 payment per patient day under this subsection by multiplying by 5% the amount  
8 obtained by dividing the total of nurse's assistants' wages or salaries of the facility  
9 by the total number of patient days of the facility, as indicated by the facility's 1998

1           2. The fact that the wage supplement percentage increase is based only on  
2 wages and salaries, while the cost comparison also includes fringe benefits.

3           3. Any decrease or increase in the facility's expenditures for contracted labor  
4 services.

5           4. Any change in the facility's patient acuity levels.

6           5. Whether or not the facility's reporting period corresponds to the supplement
