RCT.

Agency	DATCP		Amendment#	109
ARC Analyst	Nicole Anderson		LRB#	
			Tax Cut	☐

Summary

This provision deletes JFC action relating to the development of a pesticide database and instead calls for one-time funding for a pesticide database study. Funding would be used to study the feasibility of creating a database that records the level of pesticide use by farmers, other businesses, government and homeowners in the state.

JFC created a comprehensive pesticide sales and use reporting system.

Fiscal Impact

Per David Schug

Add $35,000 SEG in one-time funding for FY 99-00 from the environmental management fund. —

Delete $400,000 SEG in FY 99-00 ($250,000 SEG from the agrichemical management fund in FY 99-00 and 3.0 two-year project positions. $150,000 SEG in a continuing appropriation from the environmental management account of the environmental fund in FY 99-00 to contract for consultants.

Net change: -$365,000 SEG for FY 99-00.

Statement of Intent

Agriculture, Trade & Consumer Protection. Create pesticide database feasibility study.

Subject:	pesticide database study typo

Draft 815/1

line 4 should read "(ud) Pesticide data base study rather than (nd). Also, the ARC should be calling to change the appropriation to a biennial, affecting lines 4 and 8.

David

Tradewell, Becky

I believe you are drafting a section on agriculture for the budget package.

There is a provision dealing with a pesticide database. I have stipulated this to be a one-time appropriation, however, I would like to ensure that the language states that DATCP would receive funding for this project over the biennium, per the LFB's request.

Let me know if you need clarification. Thanks.
