Tax Cut

Summary

The state's Health Insurance Risk-Sharing Plan (HIRSP) was created in 1980 to provide comprehensive health insurance coverage for Wisconsin's medically uninsurable population.

This amendment would adjust the income threshold for HIRSP to reflect inflationary increases, if the HIRSP Board formally requests such action. Upon HIRSP Board request, the provision would have to come before the Joint Finance Committee via the s.13.10 process for approval of the income adjustment

Fiscal Impact

There is no state fiscal impact. The bill could potentially affect the amount of state funds distributed to each individual, however the total allocation of state funds for this purpose would not change.

Statement of Intent

Department of Health and Family Services. Adjust the income threshold for the Health Insurance Risk-Sharing Plan to reflect inflationary increases.
