## Summary

Agriculture Package ( See Attached)

## Fiscal Impact

## Statement of Intent

Agriculture Package

Request#

Tuesday, June 22, 1999

**Motion:**

This motion would maintain JCF funding, but return local assistance grants to County Drainage Boards to 60 percent, and extend the established sunset for this program from 2004 to 2006.

**Fiscal Effect:**

There is no fiscal effect associated with this provision. Maintains \$500,000 GPR FY 00-01 appropriated by JFC.

**Provision #4**

**Agency:**

Agriculture, Trade & Consumer Protection

**JFC Action:**

The Joint Finance Committee required DATCP to seek at least a \$130,000 increase in federal funds annually for agriculture export marketing promotion. The committee created a GPR sum-sufficient appropriation to equal the difference between \$300,000 and the amount by which federal monies exceed federal monies received in 1998-99 for export promotion.

**Motion:**

This motion would remove the provision implemented by JFC to require DATCP to reimburse the general fund dollar for dollar for every federal dollar it receives.

**Fiscal Effect:**

According to the LFB, this motion would technically have no fiscal effect this biennium. However, in practical terms, this may increase costs to the state anywhere between \$0-\$130 GPR over the biennium if federal dollars come into the state (which is not expected to occur until next biennium).

**Provision #5**

**Agency:**

Agriculture, Trade & Consumer Protection

**JFC Action:**

The Joint Finance Committee modified fees for nursery growers and replaced \$32,500 GPR in 1999-2000 and \$43,300 GPR in 2000-01 for 1.0 nursery inspector with PR. Modified nursery grower fees would be expected to generate an additional \$45,400 annually. The committee specified that employees of nursery dealers are exempt from nursery dealer license and fee requirements.

The committee also removed all permitting and fee requirements for nonprofit organizations that sell nursery stock for a period of not more than seven consecutive days. The committee excluded Christmas trees from the definition of nursery stock, eliminating the surcharge for Christmas tree growers operating without a license, allowing DATCP to inspect Christmas tree growers and dealers. The committee classified persons growing both Christmas trees and nursery stock as either Christmas tree growers or nursery growers and excluded Christmas tree growers from the labeling, reporting and other regulatory requirements of nursery growers. Growers receiving over 50% of their nursery and Christmas tree stock are excluded from nursery stock requirements to

obtain a Christmas tree grower license. The committee specified that, unless the nursery stock is grown by a Christmas tree grower: (a) shipping improperly labeled nursery stock to nursery dealers and growers is prohibited; (b) nursery dealers and growers are prohibited from accepting improperly labeled nursery stock; and (c) a shipment of nursery stock must be labeled with the name and address of the person selling or distributing the shipment to the nursery dealer or grower.

**Motion:**

This motion would amend JFC action to return <sup>it is there</sup> to Governor's recommendation, relating to nursery regulations and licensing, thus adding 1.0 SEG inspector within DATCP and replace .75 GPR position with funds from the forestry account of the conservation fund and return nursery fees and Christmas tree grower fees back to the levels found in the Governor's recommendation.

Under the motion, a nursery dealer and nursery grower (Christmas tree and non-Christmas tree) will pay the following annual license fee, based on annual purchases calculated:

<u>Nursery Dealer License Fees</u>		<u>Nursery Grower License Fees</u>		
<u>Annual Purchases of Nursery Stock</u>	<u>Proposed Dealer Fees</u>	<u>Annual Sales of Nursery Stock</u>	<u>Proposed Grower Fees (non-Christmas Tree Sales)</u>	<u>Proposed Grower Fees (Christmas Tree Sales)</u>
\$250-\$5,000	\$30	\$250-\$5,000	\$40	\$20
\$5,000-\$20,000	50	\$5,000-\$20,000	75	55
\$20,000-\$100,000	100	\$20,000-\$100,000	125	90
\$100,000-\$200,000	150	\$100,000-\$200,000	200	150
\$200,000-\$500,000	200	\$200,000-\$500,000	350	250
\$500,000-\$2,000,000	300	\$500,000-\$2,000,000	600	450
Over \$2,000,000	400	Over \$2,000,000	1,200	900

Furthermore, this motion would amend JFC language to exclude rooted Christmas trees from the definition of nursery stock and establish a separate license for the grower if the grower is solely engaged in growing and selling Christmas trees. A person may grow and sell Christmas trees and other nursery stock if the person holds a nursery license (no separate Christmas tree license is required). If a person holding a nursery license sells Christmas trees and nursery stock, the person pays license fees for Christmas trees (based on Christmas tree sales) and nursery stock (on nursery sales) according to the above fee schedule.

This motion will also establish separate licenses for Christmas tree growers. This license would entitle Christmas tree growers to grow, cut and sell Christmas trees without a nursery license, but would not entitle Christmas tree growers to grow or sell any nursery stock.

**Fiscal Effect:**

This motion would transfer \$78,600 PR allocated over the biennium to GPR. Furthermore, the state will lose approximately \$90,000 over the biennium as a result of reverting back to the Governor's fee schedule.
