ARC:.....Dake – Addition of a traffic signal

FOR 1999-01 BUDGET – NOT READY FOR INTRODUCTION

CAUCUS AMENDMENT

TO ASSEMBLY SUBSTITUTE AMENDMENT 1,

TO 1999 ASSEMBLY BILL 133

1 At the locations indicated, amend the substitute amendment as follows:

2 ✓ 1. Page 1554, line 12: after that line insert:

3 “(10) [Ⓢ]TRAFFIC CONTROL SIGNALS IN SIREN. The department of transportation shall
4 install traffic control signals at the intersection of STH 35 and STH 70 in the village
5 of Siren in Burnett County. If, during the year 2000, the department reconstructs
6 STH 35 at this intersection, the department shall ~~conduct~~ the installation under this
7 subsection as part of that reconstruction project.”. complete required

8 (END)

To Be Drafted

Agency	DOT	Amendment#	
ARC Analyst	Brian Dake	LRB#	
		Tax Cut	<input type="checkbox"/>

Summary

The Department of Transportation is scheduled to conduct a reconstruction project on a section of State Highway 35 located in Burnett County during the year 2000. The reconstruction project will include the intersection of State Highway 35 and State Highway 70.

The amendment would require the addition of a traffic signal located at the intersection of State Highway 35 and State Highway 70 in Siren, Wisconsin.

Fiscal Impact

According to the Burnett County Highway Department, the fiscal effect of the amendment would be approximately \$65,000 (SEG) if completed as a separate project. The County believes that if the traffic signal were included in the scheduled reconstruction project of State Highway 35, the cost could be reduced.

Statement of Intent

Department of Transportation. Require a traffic signal to be located at the intersection of State Highway 35 and State Highway 70 in Siren, Wisconsin.

1 subsection nonstat. See 97 Act 237, sec. 9148(2x)

(2x) **TRAFFIC CONTROL SIGNALS IN GREENFIELD.** Milwaukee County shall design traffic control signals to be installed at the intersection of West Forest Home Avenue and 76th Street in the city of Greenfield. Not later than July 1, 1998, Milwaukee County shall determine whether the county could complete the installation of the traffic control signals at that location by October 15, 1998, and shall notify the department of transportation of that determination. If the county notifies the department of transportation that the county could complete the installation of the traffic control signals by October 15, 1998, the county shall install the signals and the department of transportation shall reimburse the county for the county's actual costs to design and install the traffic control signals. If the county determines that it cannot install the traffic control signals by October 15, 1998, the department of transportation shall reimburse the county for the county's costs to design the traffic control signals and, by July 1, 1999, shall complete the installation of the traffic control signals. The department shall reimburse the county under this subsection from the appropriation under section 20.395 (3) (eq) of the statutes.
