Summary

This amendment creates the Lighthouse Project, a web-based instructional program designed for distance education.

The project would be developed by UW-Milwaukee and would create a Web site that would provide K-12 teachers with Web based instruction on the integration of technology into the classroom, an archive, arranged by grade and subject matter, of best practice using technology (to include lesson plans and instructional strategies) and an educational portal that would direct teachers to Web sites containing educational resources.

TEACH Training and technical assistance program - 44.72(1) per TC w/ Kelly

Fiscal Impact

\$503,000 (\$57,000 Universal Service Fund and \$446,000 from Bond Security and Redemption Fund (bad checks fund), in State's building program). Direct DOA to transfer the Bond Security Redemption funds, resulting from error in accounting for debt service payments, to the General Fund.

Statement of Intent

University of Wisconsin System. Development of a web-based instructional program designed for distance education.
